VOLUME 91 THURSDAY, OCTOBER 1, 1987 ELBA, ALABAMA 25 CENTS 1 SECTION 14 PAGES [Plus 5 Adv. Inserts] NUMBER 13

## County seeks legal opinion on helping churches

**CHECK REPRESENTS FUNDING . . . SEARP&DC**  
Director Larry Lee [left] and members of the Coffee County Commission hold a check signifying the total funds received from the agency since its origin. Coffee

County has received a total of almost \$4½ million from the agency, while Elba has received almost \$1 million. The agency serves six counties in southeast Alabama.

The Coffee County Commission met in regular session on Monday, Sept. 28, at the courthouse in Elba and heard Southeast Alabama Regional Planning and Development Commission director Larry Lee report that since the origin of the agency Coffee County had received a total of over \$4.4 million in federal grants.

Lee, who heads an agency that serves six southeast Alabama counties, passed out a detailed report that showed each grant received in the county through the agency, which also included grants totaling over \$900,000 to the City of Elba.

The commission acknowledged the fine work done by the regional planners and pledged to continue working with the agency in years to come.

The 11-monthly meeting began at 9 a.m. and after the routine approval of the minutes of the previous meeting, members of the commission made individual donations to Ted Avrett, in behalf of the drive to construct an aviation museum at Ft. Rucker. The museum is to be constructed on the Perry's Store Community, south of Elba, where the actual rape allegedly took place.

After the rape the victim was driven back to Elba and released and the 1978 red Cadillac was abandoned. The subject reportedly

commission agreed to adopt a new policy on the matter. Under the new policy, the county's engineering department will inspect the site for construction of a driveway and notify the landowner of the acceptable size pipe for the job.

The landowner will then be expected to purchase the pipe and the county will cover the pipe and finish the work on the right-of-way. New drives must now be a minimum of 20 feet and a maximum of 50, and all corrugated metal pipe must be new, while concrete pipe may be used but must be approved by the engineering staff.

The policy of doing work on church yards was also addressed at Monday's meeting and the commission agreed to delay any action until the county attorney could meet with the group and outline just what the county could legally do.

The controversial matter came up Monday when Commissioner Eugene Bradley made a motion that the county haul topsoil to the Mt. Olive Church and level the soil after dumping. The county engineer stated the attorney general had ruled doing work on church property was illegal because church grounds were private property, and while one commissioner retorted that he didn't always agree with the attorney general, the majority of the commissioners did agree that it didn't want to do anything illegal.

In other action at Monday's meeting, the commission:

- \*\*\*approved the low bid on unleaded fuel and diesel fuel from Heath Oil Company of Enterprise at a cost of \$9,488 for the total order of 16,000 gallons of fuel;
- \*\*\*approved a budget for the coming year in the amount of \$4,911,257, which was an increase of approximately \$200,000 from a year ago;
- \*\*\*approved a new pay scale for

county highway department employees;

- \*\*\*took no action on a bill from Wiregrass Electric Co-op in the amount of \$6,448.38 for moving utility poles on the Sconiersville Road;
- \*\*\*voted to borrow a total of \$84,661.49 to pay the cost of paving portions of the Sconiersville Road and the Wren Strickland Road;
- \*\*\*approved the purchase of a truck to be used to haul a tractor from the state surplus lot at a cost of \$10,000;
- \*\*\*was informed that Larry Pope had closed a road leading to his home in the county and did so without the approval of the commission, prompting the commission to turn the matter over to the county attorney;
- \*\*\*was informed that the roads in the county were being marked for striping;
- \*\*\*discussed the damage being done to county roads by gravel trucks hauling large loads of gravel from Enterprise to the construction sites for the new staging fields in the county;
- \*\*\*was informed that on Oct. 2 the annual Foster Grandparents Program would be held at Dothan;
- \*\*\*agreed to fill in abandoned wells in the county if approval is received from the health department, despite the objections from the county engineer, who declared such work is illegal;
- \*\*\*announced that a meeting would be held on Oct. 5 at 7 p.m. to inform the public about the responsibilities in disposing of possible chemicals that are hazardous;
- \*\*\*instructed the county attorney to finalize a contract with the Coffee County Volunteer Firefighters Association allowing the association to receive tobacco tax funds; and
- \*\*\*was reminded that the commission would meet in Enterprise for the remainder of the year.

## Suspect sought in weekend rape

City and county law enforcement authorities are continuing their investigations this week in the abduction and rape of a 25-year-old white female that occurred over the weekend.

According to information released by the Elba Police Dept. and the Coffee County Sheriff's Dept., the victim was abducted at approximately 8:15 p.m. on Saturday

night, Sept. 26, at the Big-Little Store, located in downtown Elba, when she returned to her car after being inside the store.

A white male reportedly forced the victim into the car with a handgun and then forced her to accompany the subject to several locations west and south of Elba, traveling on different state and county roads. Several stops were

made during the three-and-a-half-hour abduction, and on one occasion the subject used a public telephone.

The final stop was made near the Perry's Store Community, south of Elba, where the actual rape allegedly took place.

After the rape the victim was driven back to Elba and released and the 1978 red Cadillac was abandoned. The subject reportedly

left the area on foot and the victim reported the crime.

Law enforcement authorities urge anyone having seen a red 1978 Cadillac, parked by the side of the road south or west of Elba on the night in question, or possibly in Opp, to contact the Elba Police Dept. at 897-6973, Coffee County Sheriff's Dept. at 897-5012 or Coffee County Crimestoppers at 347-STOP.

## Elba School Board wipes debt clean

The Elba City Board of Education met in special session on Friday, Sept. 25, and approved a payment of \$51,614 to a local bank that paid off a loan and got the board out of debt for the first time since 1985.

Supt. Billy Crews reported that in September of 1985 the school board was in debt a total of \$200,000 and board members made paying off the debt the school's top priority. Payments have been made during

the past two years and the payment Friday clears the system of all debts.

Supt. Crews stated the board was able to pay off the debt due to a cutback in seven teacher units, the addition of the countywide sales tax, the elimination of proration and careful study of all expenditures.

In personnel matters the board accepted the resignation of Mary Young as a Home Economics teacher at Elba High School. Mrs. Young taught in the Elba system for 22 years and resigned to accept a position with the Alabama State Dept. of Education.

Mrs. Young will be replaced by

## Elba hospital adds service

In its continuing effort to meet the medical needs of Elba and the surrounding area, the Elba General Hospital has created a new service called "Mednight," a service created specifically for people who cannot fit a doctor's visit into their schedule.

"Mednight will provide primary and minor emergency care from 6 p.m. until 6 a.m., Monday through Thursday," stated Elba General Hospital administrator Paul Grummer, "and from 6 p.m. Friday until 6 a.m. Monday."

"Mednight will be located in the emergency room at Elba General and will be staffed by full-time physicians and medical personnel. There will be no emergency room charge, but of course the routine fixed fee will be charged for the visit."

"No appointments are necessary and the residents of Elba and the local area should feel comfortable about the service, just as they would a routine trip to the doctor's office."

"This service isn't intended to take the place of your regular doctor," said Grummer. "In fact, after each visit to Mednight a report will be sent to your family physician for his file."

"We hope this service will help patients receive medical care when they cannot go to their family doctor and also give residents who receive minor injuries, or become ill during the night, a place to go and receive quality medical care without the high cost of emergency room services."

For more information on Mednight, call Elba General Hospital at 897-2257.

## October is month to renew

Probate Judge Marion Brunson reminds Coffee County residents that the following licenses are to be renewed during the month of October:

- Privilege License (Business)
- Hunting and Fishing (Driver License Number is required)
- Boat Tags (Take old receipt)
- Tags - People with last names beginning with U, V, W, X, Y and Z
- National Guard (Need exemption slip from Guard unit)

Annual tags, such as farm trucks, log and pulpwood trucks, commercial trucks, trailers, mobile homes, camper trailers, motorcycles, ambulances, taxicabs, etc., have October and November to renew.

Special reminder: The state has ruled that all mobile homes and camper trailers carrying the MH tag are to be renewed during October or November, whether or not they are being used.

Along with this move was the adoption of voting places in each of the five wards. Previously all voting had been in one location, which was on Claxton Avenue in the Army Reserve building.

Ward 1 will now vote in the Mulberry Heights school; Ward 2 will vote in the U.S. Army Reserve building on Claxton Avenue; Ward 3 voting will be in the city recreation building at the old city pool (at Pea River bridge); Ward 4 residents will vote at the Elba Public Library; and Ward 5 voters will cast their ballots

at the National Guard Armory on Airport Road.

The above was adopted at the urging of the U.S. Justice Department and is designed to keep Elba out of a class action lawsuit now being filed by an Alabama organization of predominantly black citizens, Alabama Democratic Conference.

A copy of the new ordinance and a map showing the districts is published in the legal section of this week's Clipper.

The Elba City Council has also adopted a budget for the coming year totaling \$1,359,000. This is about \$78,000 higher than from the previous year but doesn't include any income from the hydro plant nor the local hospital. Mayor English noted he was unsure of any income from these and was afraid to plan on any income from them. It did include borrowing of \$40,000 for equipment and street work.

## LEPC meeting set for Oct. 5

Coffee County is in the process of complying with the federal legislation passed Oct. 17, 1986 - the "Superfund, Amendments and Reauthorization Act (SARA)." The Coffee County Commissioners Court appointed Commissioner Bill Faulk as chairman of the Local Emergency Planning Committee (LEPC).

Faulk said there will be a meeting of the representatives affected by the new law Oct. 5 at 7 p.m. at the Farm Center Community Room in New Brocton.

Makeup of the LEPC is as follows: an elected official or designated representative for county and city municipality government, city-county emergency management agency, sheriff and law enforcement from each affected jurisdiction, fire department in each affected jurisdiction, county health department, each hospital or representative transportation organizations, county

Dept. of Human Resources, broadcast and print media, emergency medical services, rescue squads, owners and operators of facilities subject to this law.

Dave White, from the Alabama Emergency Management Agency, will be at the meeting to outline the exact responsibilities of the local committee.

The federal action mandates several actions that the local government as well as industry and other facilities must use to process and store one or more of the 406 extremely dangerous chemicals. At least 50 of these chemicals are stored and used locally, and one of the responsibilities of the committee is to know where these chemicals are located in case there is a natural disaster that releases these chemicals into the environment so that people in the surrounding area can be properly notified.

## Unemployment rate inches up

The Alabama Dept. of Industrial Relations released its monthly report on unemployment across the state last week and for the first time in over a year the unemployment rate in Coffee County showed a slight increase.

The detailed report revealed that in the month of August Coffee County's unemployment rate inched

up from 5.9 percent to 6.0 percent, which reflects 1,070 workers unemployed out of a work force of 17,700. The rate is still far below the 7.6 percent rate of a year ago and is well below the current state unemployment rate of 7.2 percent.

Following is a report of surrounding counties:

| UNEMPLOYMENT DATA |                   |           |           |
|-------------------|-------------------|-----------|-----------|
| County            | UNEMPLOYMENT RATE |           |           |
|                   | Aug. 1987         | July 1987 | Aug. 1986 |
| Barbour           | 7.2               | 7.7       | 9.6       |
| Butler            | 11.6              | 12.2      | 11.7      |
| Coffee            | 6.0               | 5.9       | 7.6       |
| Conecuh           | 13.1              | 14.9      | 15.3      |
| Covington         | 6.5               | 6.8       | 10.1      |
| Crenshaw          | 8.6               | 9.2       | 8.2       |

| Houston           | 5.2               | 5.6       | 8.0       |
| Montgomery        | 6.5               | 6.7       | 7.5       |
| Pike              | 7.1               | 7.1       | 9.5       |

## October 1 Is Deadline To File New Tax Withholding Forms

The deadline for all employees to submit a 1987 Form W-4 or W-4A, "Employee's Withholding Allowance Certificate," is fast approaching. For those who have not filed their withholding certificate yet, the Tax Reform Act of 1986 requires all employees to submit a new Form W-4 or W-4A to their employers before Oct. 1, 1987.

Employees do not need to fill out both forms. For example, employees who have already given their employer a 1987 Form W-4 do not need to also fill out a Form W-4A unless they wish to change their withholding.

IRS has instructed employers how to withhold for employees who

do not meet the Oct. 1 deadline. Employers will make no change for single employees who have claimed zero or zero allowances, or for married individuals who have claimed zero, one or two allowances, or for married individual who have claimed zero, one or two allowances, or who have been withheld at the higher single rate. From single employees who claimed more than one allowance, employers will withhold based on one allowance, and married persons with more than two allowances, will only be allowed the two.

Even though taxpayers may have already filed a Form W-4 or W-4A with their employers, now would be

a good time to check to see if the amount of tax withheld from their wages is correct. Publication 919, "Is My Withholding Correct?" may be used to determine whether they are having the right amount of tax withheld. The publication will help them to estimate their 1987 tax and their 1987 withholding. They then can compare the two amounts to see whether too much or too little tax is being withheld at the GFA quota.

Taxpayers generally can get Form W-4 and W-4A from their employers. They are also available free, along with Publication 919, at any local IRS office or by calling 1-800-424-3676.

## Peanut Farmers Urged Not To Sign Buyback Provision

Alabama Peanut Producers Association president James Earl Mobley urges growers not to sign the buyback provision with buyers when marketing the 1987 peanut crop. The "buyback" provision of the peanut program allows peanuts to be moved from the export or "additional" market to the "quota" or domestic market.

This year the number of growers who have not signed contracts or pledged their peanuts to shellers is much higher than usual, according to association officials. This has been due to low contract price offering for additional or export peanuts resulting from the large additional carryover from the 1986 crop.

Under the buyback system, shellers are allowed to convert export peanuts to domestic or quota peanuts with the producers' permission. The provision exists to insure that the domestic market has an adequate supply of needed peanuts.

Growers who cannot reach satisfactory agreements with buyers may prefer to market their peanuts through the government's Commodity Credit Corporation. In the southeast, the arm of the CCC is the GFA Marketing Association.

GFA has two marketing pools for growers: one pool for quota peanuts, the second for additional. At the close of the marketing year, profits, if any, are divided to participating producers. To guard against government loss, losses incurred in the quota pool must be offset by profits in the additional pool.

"Signing the buyback provision and allowing these peanuts to compete against quota peanuts is the worst marketing decision peanut growers could make this year," said

Mobley. "Some buyers are encouraging growers to sign the buyback suggesting that it will create more revenue for them. This may be true to an extent, but for every \$1.00 per ton profit to the pool from the buyback, it could cost the GFA quota marketing pool approximately \$1.25.

"This kind of trade-off doesn't create much profit for grower refunds. Growers should not sign the buyback."

## Lions Club To Observe Motto Oct. 8

The objective of service to the needy of the world will be highlighted Oct. 8 by the 1.3 million Lions Club members in more than 38,000 Lions Clubs in special acts of humanitarian service in their home communities.

The Elba Lions Club will observe the worldwide service motto by visiting the Elba Nursing Home from 4 until 6 p.m.

"Let's not forget these citizens who have served their community in years past," said George Hocutt, Elba Lion.

"These members of the Lions Clubs, unified by humanitarian service, have but one objective: to bring to the needy and lonely the help and assistance they need to live with grace and dignity.

"In all corners of the earth poverty, sickness, loneliness and starvation are yet to be found, and millions still need understanding, compassion, love and assistance, and it is toward this objective that the Lions are at work in 161 nations and geographical territories around the globe."

## John Harper Transferred To Washington D.C. Law Office

John B. Harper Jr., a tax

managers with Ernst & Whinney, recently transferred from their Birmingham office to their National Tax Office in Washington, D.C.

Ernst & Whinney is an international public accounting firm with 115 United States and over 350 worldwide offices. John will work in the multistate tax planning group in Washington, assisting clients in their state and local tax compliance and planning strategies. He worked

in the firm's Birmingham office for four years.

John, a summa cum laude graduate of the University of Alabama, received his bachelor's degree in 1982 and master's of tax accounting degree in 1984. He is a 1980 graduate of Elba High School and was a National Merit finalist.

John is the son of John B. and Gloria H. Harper, Elba.

## A Resolution

**RESOLVED**, That on behalf of the members of the Elba Chapter #323, Order of The Eastern Star, these resolutions be adopted as a tribute to the memory of our beloved sister, **RENA MAE COLLIER**, in whose death on September 20, 1987, we have lost one of our most beloved members.

Her graciousness, sympathy and unflinching kindness endeared her to her associates; while her strength of character, sincerity and high ideals won their genuine respect.

Our deep sympathy for the members of her family mingles with our own sorrow at the loss of one whose death robs both her home and the chapter of a gracious and inspiring presence.

**RESOLVED FURTHER**, that a copy of these resolutions be included in the minutes of the chapter, and that a copy be published in the local newspaper, and that a copy be sent to the family as an expression of our sympathy and the great loss sustained in her death.

THIS 24th day of September, 1987.

/s/ EVELYN W. HOCUTT, Worthy Matron

Hardware Store

**When going to the doctor doesn't fit in your day.**

It's probably safe to say that there's no such thing as a short trip to the doctor. Quality medical care just takes time. Unfortunately, not everybody has the time. Maybe it's just a job that can't be missed or a babysitter that can't be found.

That's why at Elba General Hospital we have created a new service called **Mednight**. It was created specifically for people who cannot seem to fit doctors into their lives.

**Mednight** provides primary and minor emergency care from 6 p.m. until 6 a.m., Monday through Thursday and 6 p.m. Friday until 6 a.m. Monday. **Mednight** is located in the emergency room of Elba General Hospital. **Mednight** is staffed by full-time physicians and medical personnel. There is no emergency room fee but there is a fixed fee for the physician visit for covered services, which is significantly less than an emergency room visit. No appointments are necessary.

At Elba General Hospital, we are taking every step we can to help patients receive medical care when they cannot get to their family doctor during the day.

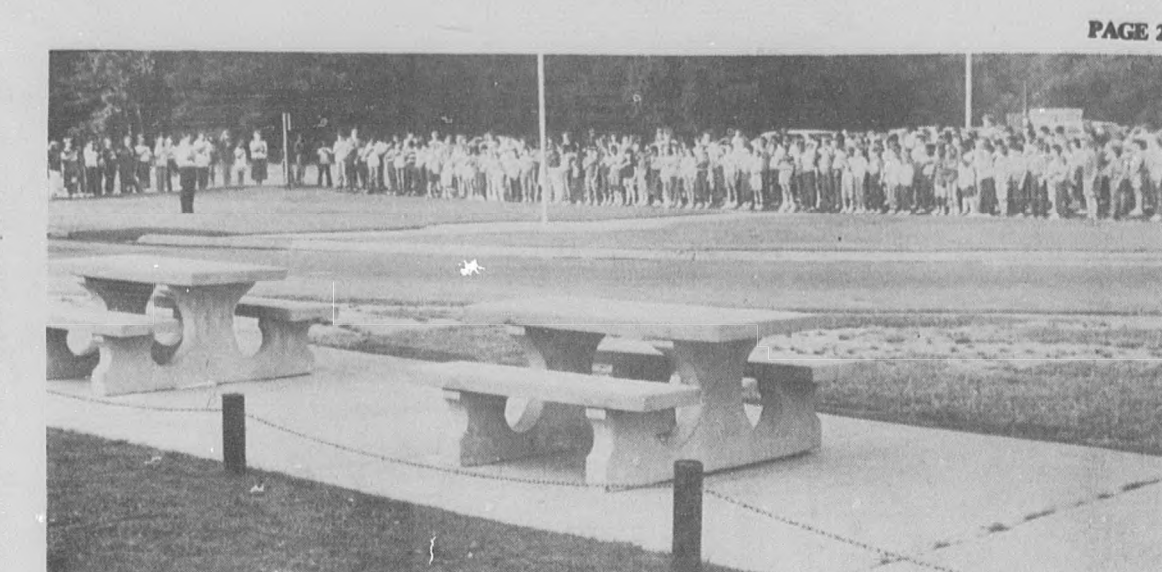

We don't intend to take the place of your regular doctor. In fact, after each visit to **Mednight**, a report is sent to your family physician.

So the next time you find yourself needing a doctor, but needing more time, don't put it off. Meet us at **Mednight**.

Located in the emergency room of Elba General Hospital, 987 Dayton Street, Elba, AL 36323 (205) 897-2257

## Book Authored By Local Columnist Set For Release Oct. 1

The Great Depression years offered a fertile ground for humor, drama and cultural meaning - all of which are vividly captured in the book "The Great Depression Years," by Faye Brown's book, **Put Likker, Pulley Bones and Pea Vine Hay**, scheduled for release today (Oct. 1) by Sevgo Press of Tuscaloosa.

One of nine children growing up on an Alabama tenant farm during the Great Depression years, Mrs. Brown reveals in her writing the bedrock integrity and faith that characterized the American people in the early 1930's.

Her book is a collection of highly entertaining as well as gripping tales of this period that brought out the best in people at the worst of times.

"First of all, children can 'experiment' a lot younger than 16. My child is 10 and only last year did she mention that another child her age remarked she would like 'to do it' with another boy their age. I'm not sure, but it sounds like she meant sex. I was very saddened because at this age children should enjoy being children. Sex not only affects our bodies but our minds and spirits as well."

Secondly, contraceptives are not positive barriers against pregnancy and some carry serious side effects. Also they do not prevent all sexually transmitted diseases. Who wants to take that chance with our precious children? I don't!

I'm sick of the attitude, "Well, everyone else is doing it, so we better be safe than sorry!" That stinks! It never went over well with my parents and it won't with me.

I think parents, grandparents, pastors, teachers and doctors all share in the responsibility of teaching our young people love and respect for themselves and their bodies. Let's take a stand to teach our children "to just say no," not only to drugs and alcohol but premarital sex as well. Let's all be strong and not feel pressured by the "outside" world to compromise what we feel is right!

I believe Elba can take a stand against anything that can harm our young people, and even though it's harder work as a parent, we will reap wonderful results as our children grow up.

I'm thankful for our medical professionals and all the years and years of learning they undertake and would challenge any of our doctors to speak to the children at school, or at church meetings or any forum necessary to educate us all in these times.

## LETTERS TO THE EDITOR

Dear Editor,

In reading your article in which Dr. Banach was introducing his practice to our community, I was shocked and angered.

I am personally pleased to see a gynecologist come to Elba, and I believe women should undertake all preventative measures available against cancer. But I cannot understand his feelings on young girls starting at 16 possibly needing contraceptives for birth control. His statement about the world not being the same as when parents were growing up is certainly true, but I do not advocate "giving in" to the problems of our times.

"First of all, children can 'experiment' a lot younger than 16. My child is 10 and only last year did she mention that another child her age remarked she would like 'to do it' with another boy their age. I'm not sure, but it sounds like she meant sex. I was very saddened because at this age children should enjoy being children. Sex not only affects our bodies but our minds and spirits as well."

Secondly, contraceptives are not positive barriers against pregnancy and some carry serious side effects. Also they do not prevent all sexually transmitted diseases. Who wants to take that chance with our precious children? I don't!

I'm sick of the attitude, "Well, everyone else is doing it, so we better be safe than sorry!" That stinks! It never went over well with my parents and it won't with me.

I think parents, grandparents, pastors, teachers and doctors all share in the responsibility of teaching our young people love and respect for themselves and their bodies. Let's take a stand to teach our children "to just say no," not only to drugs and alcohol but premarital sex as well. Let's all be strong and not feel pressured by the "outside" world to compromise what we feel is right!

areas!

Thank you.

/s/ MRS. MICHELLE GRIMES

(Mother of three)

To the Elba School Community:

On October 13 I will begin work with the State Dept. of Education as a district Home Economics supervisor for a 10-county area. I am excited about my new position but will miss the wonderful people in our school community.

I would like to say thank you for your support of Elba's Home Economics program and the GED program. I sincerely appreciate every courtesy extended to me and our programs through the years.

Home Economics has been a major part of my life for the past 22 years. Through the efforts of many people we have planned, built and organized an outstanding department, which has excellent equipment for our students to work with.

Over 125 students have received their GED diplomas with 19 graduating last session. Thanks for helping these students to have a second chance in life.

I will always have fond memories of the people in our school community. Thanks again for everything.

/s/ MRS. MARY YOUNG

Homecoming Parade

Set For Oct. 9 In Elba

Elba High School is making plans for 1987 homecoming activities. The parade is planned for Oct. 9 at 4 p.m. and entry applications may be submitted at the high school office.

Anyone interested in placing an entry in the parade should call the school office at 897-2266.

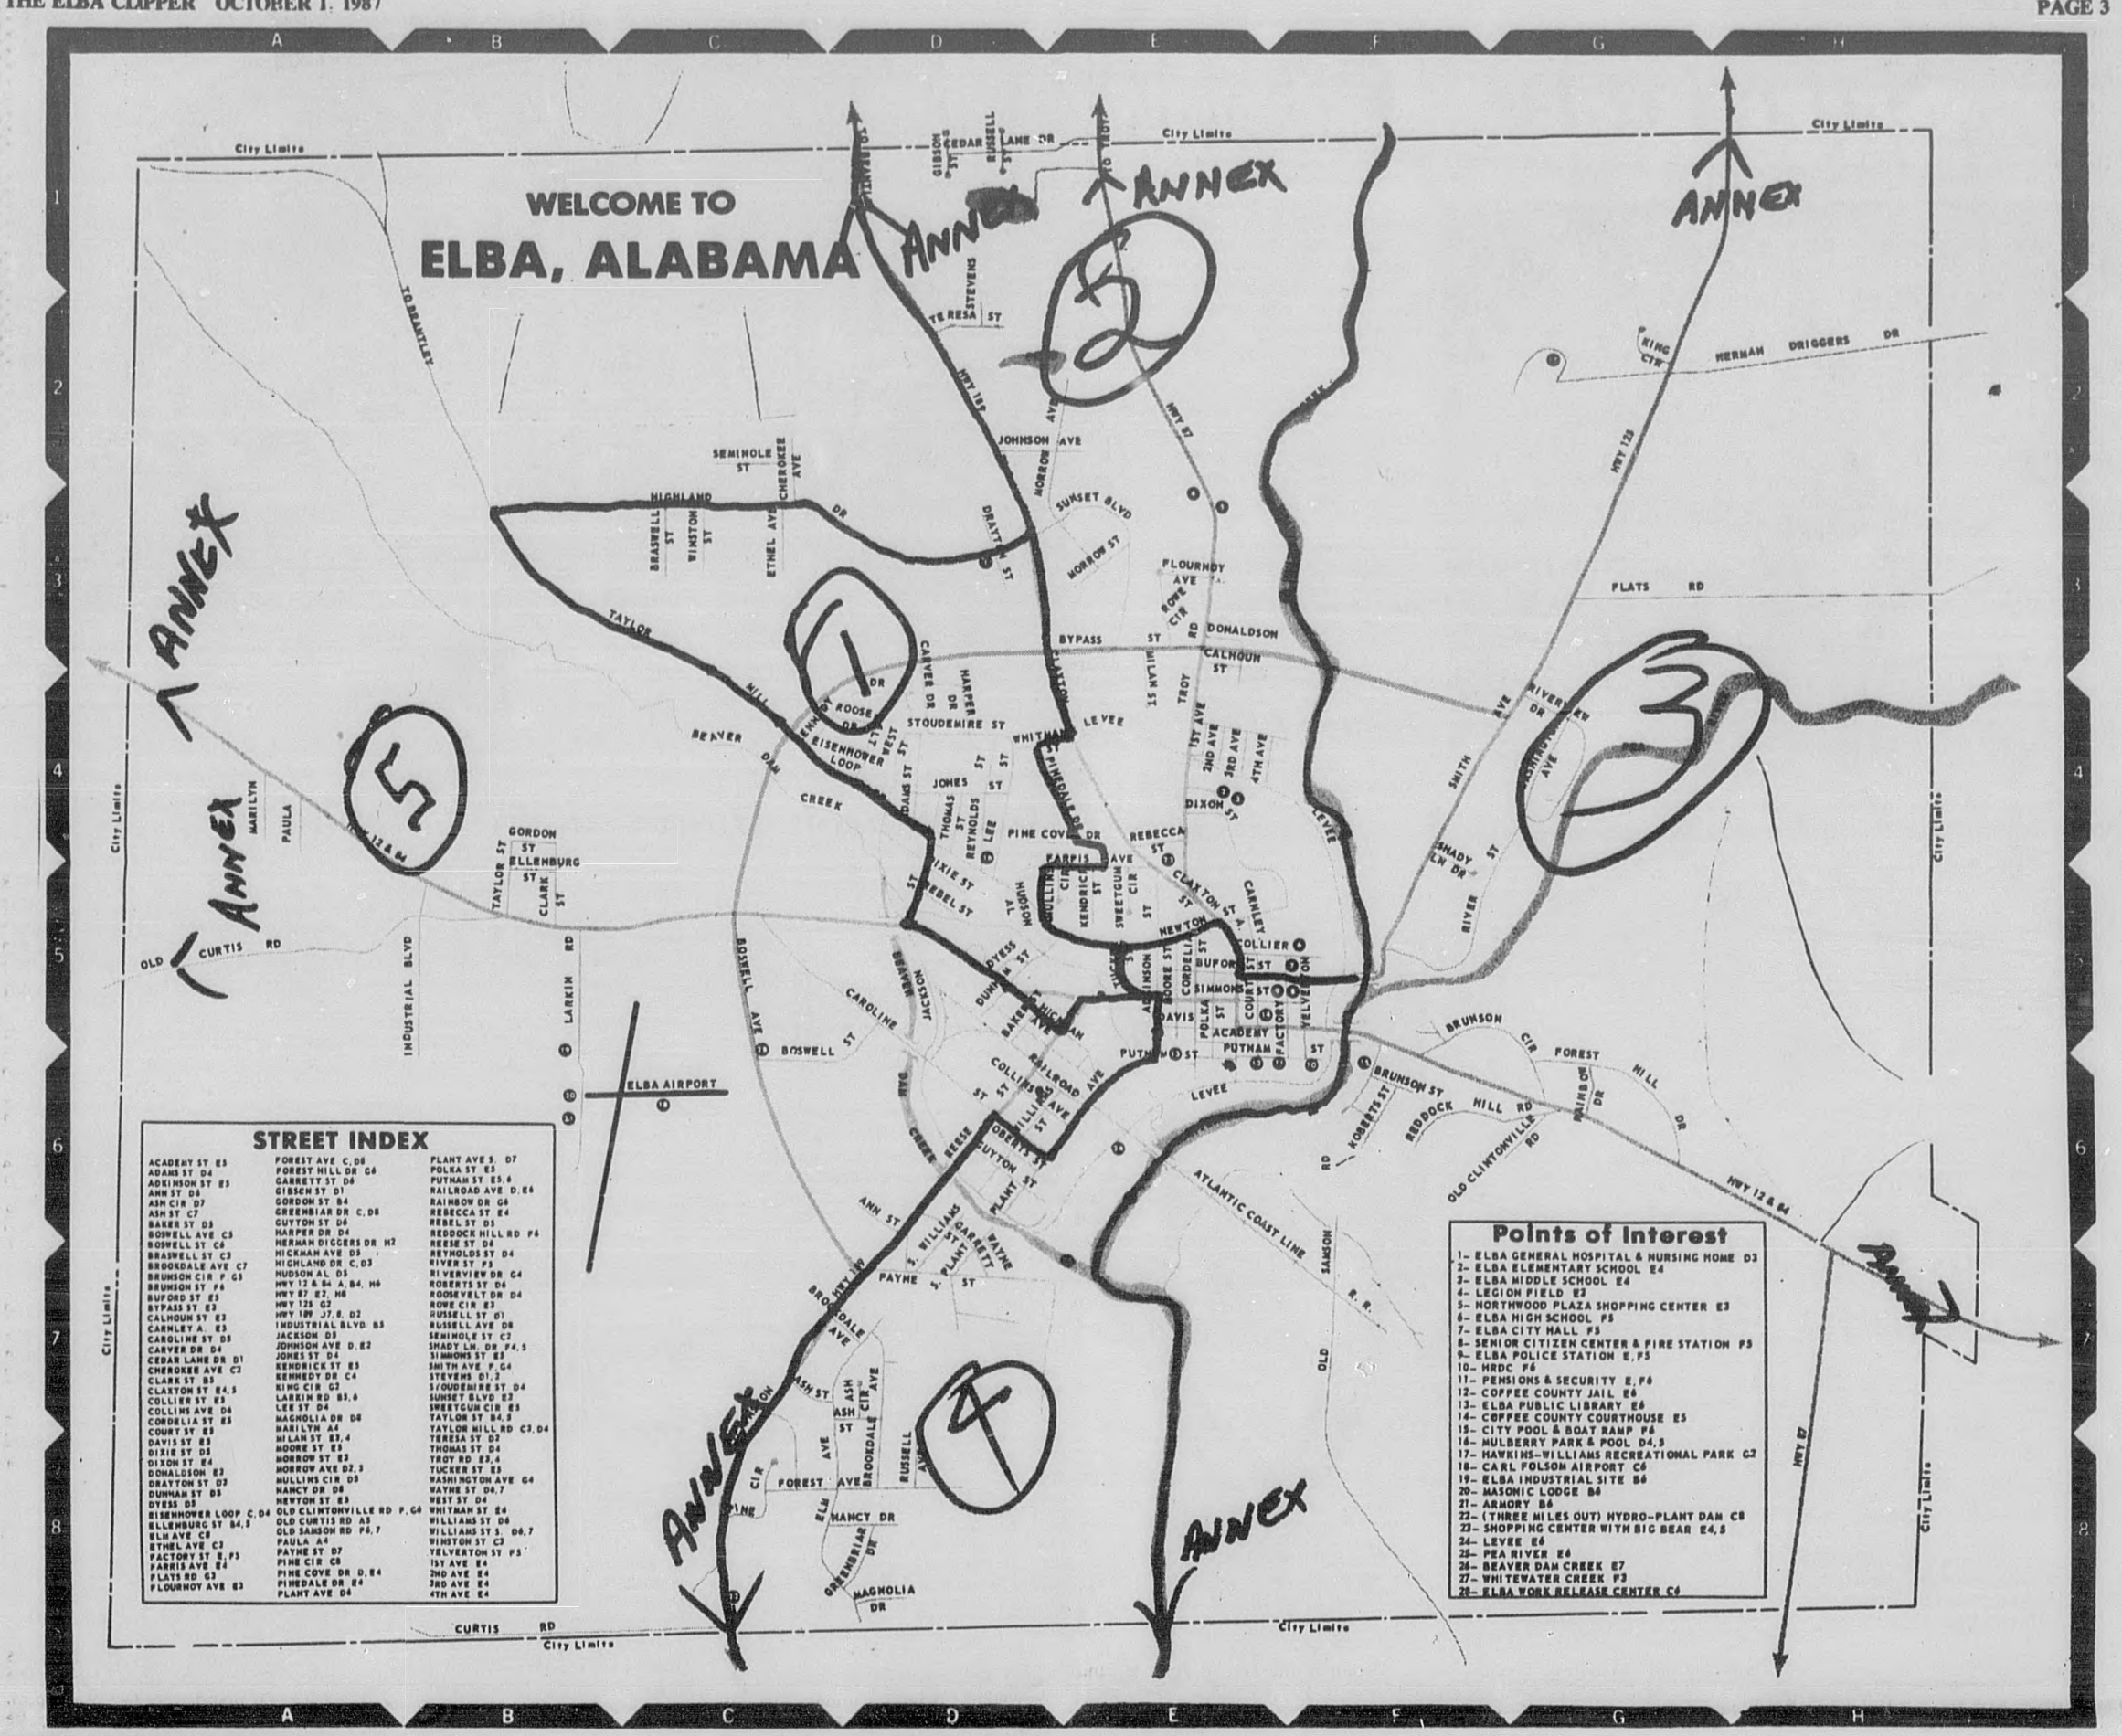

OBITUARY

LEWIE COE BERRY

Mr. Lewie Coe Berry, age 76, of Elba, died Friday, Sept. 25, 1987, in a Dethan hospital.

Funeral services were held Sept. 27 at 2 p.m. from the Hayes Funeral Home Chapel, with Elder James Donaldson officiating. Burial followed in Hillcrest Cemetery, Hayes Funeral Home directing.

He is survived by his wife, Lena Berry, Elba; two sisters: Bessie Suley and Gladys Smart, both of Elba; two grandchildren.

## LEGAL NOTICES

**ORDINANCE #1987-3**

**CITY OF ELBA**  
**STATE OF ALABAMA**

**ORDINANCE ESTABLISHING METHOD OF ELECTING CITY COUNCIL MEMBERS BY DISTRICT ELECTIONS**

**BE IT ORDAINED** by the City Council of the City of Elba, Alabama, that the method of electing city council members shall be changed from an at-large election to a district election as hereinafter provided:

**ARTICLE FIRST.** Section 2-3, Code of Ordinances is hereby amended to provide that the method of electing the five members of the City Council shall be by district elections. The at-large method of electing city council members is hereby repealed.

**ARTICLE SECOND.** The City of Elba, Alabama, shall be divided into five (5) separate and distinct wards, as follows:

(a) **Ward No. 1** shall be defined and bounded as follows: Beginning where Tucker Street intersects U.S. Highway 84 West (Opp Highway); thence in a westerly direction along the centerline of U.S. Highway 84 West to its point of intersection with Reese Avenue; thence southwesterly along the centerline of Reese Avenue to its point of intersection with Hickman Street; thence northwesterly along the centerline of Hickman Street to its point of intersection with U.S. Highway 84; thence continuing easterly along the centerline of U.S. Highway 84 to its point of intersection with Jackson Street (also known as Ice Plant Road); thence in a northerly direction along the centerline of Jackson Street (also known as Ice Plant Road) to its point of intersection with Taylor Mill Road; thence northwesterly along the centerline of Taylor Mill Road to its point of intersection with Highland Drive; thence easterly along the centerline of Highland Drive to its point of intersection with Alabama Highway No. 189 (Bramley Highway); thence southerly along the centerline of Alabama Highway 189 (Bramley Highway) to its intersection with Whittman Street; thence westerly along the centerline of Whittman Street to its intersection with Pinedale Drive; thence southerly along the centerline of Pinedale Drive to its intersection with Farris Street; thence southerly along the centerline of Farris Street to a 90° turn South, and continuing along the centerline of Farris Street, South to its intersection with Taylor Mill Road; thence southerly along the centerline of Taylor Mill Road to its intersection with U.S. Highway 84 West. Said district is also depicted and designated as Ward No. 1 on a map for this purpose which is maintained for public inspection and copying at the Elba Municipal Building in Elba, Alabama.

(b) **Ward No. 2** shall be defined and bounded as follows: Beginning at the intersection of Alabama Highway 189 (Bramley Highway) and U.S. Highway 84 West; thence southerly along the centerline of Alabama Highway 189 (Bramley Highway) to its intersection with Whittman Street; thence westerly along the centerline of Whittman Street to its intersection with Pinedale Drive; thence southerly along the centerline of Pinedale Drive to its intersection with Farris Street; thence southerly along the centerline of Farris Street to a 90° turn South, and continuing along the centerline of Farris Street, South to its intersection with Taylor Mill Road; thence southerly along the centerline of Taylor Mill Road to its intersection with U.S. Highway 84 West. Said district is also depicted and designated as Ward No. 2 on a map for this purpose which is maintained for public inspection and copying at the Elba Municipal Building in Elba, Alabama.

(c) **Ward No. 3** shall be defined and bounded as follows: Beginning at the intersection of Alabama Highway 189 (Bramley Highway) and U.S. Highway 84 West; thence southerly along the centerline of Alabama Highway 189 (Bramley Highway) to its intersection with Whittman Street; thence westerly along the centerline of Whittman Street to its intersection with Pinedale Drive; thence southerly along the centerline of Pinedale Drive to its intersection with Farris Street; thence southerly along the centerline of Farris Street to a 90° turn South, and continuing along the centerline of Farris Street, South to its intersection with Taylor Mill Road; thence southerly along the centerline of Taylor Mill Road to its intersection with U.S. Highway 84 West. Said district is also depicted and designated as Ward No. 3 on a map for this purpose which is maintained for public inspection and copying at the Elba Municipal Building in Elba,

## Rebel Briefs

GOVERNMENT CLASS STUDIES CONSTITUTION  
By: Gina Huchak

During the first week of September, Mrs. Rachel Bryan, government instructor, began preparation for Zion Chapel's celebration of the 20th anniversary of the Constitution. All government students were to write a summarized story of the Constitution. Students also were assigned parts of the handbook to constitutionalize. These parts will be put together as a Zion Chapel Patriot School Constitution.

Students also made projects such as drawing the United States seal, mapping the states as they became members of the Union, drawing flags flown over the United States over the past 200 years, and other Constitutional events. All of these projects were to help the students learn about the Constitution and how important it still is today.

NEW PROGRAMS AND COURSES AT ZION CHAPEL  
By: Debbie Davis

New programs and courses are being offered at Zion Chapel this year. Some of the courses and programs are psychology and girls athletics.

Psychology is being taught by Mrs. Carolyn Daughtry, who has taught at Zion for about four years. Mrs. Daughtry said that she is learning a lot from the course, and the students seem to like it also. Mrs. Daughtry also said that one of the most important reasons for studying psychology is to learn more about yourself, and it can help you handle your frustrations and worries a lot better.

Girls athletics is also a new program at Zion this year. This program is being taught by Ms. Coachman.

JUNIOR CLASS NEWS  
By: Jennifer Kuhn

The Junior Class officers were elected Sept. 11 during sixth period. Those elected were President - Stacy Paxon, Vice-president - David Jackson, Secretary - Sandy Flowers, Treasurer - Jackie Herbert, Student Council Representatives - Susan Stodgrass and Kendall Grissett.

The Junior class entered class rings on Sept. 1. The most popular style entered was the custom traditional in both men and women. The average cost was \$200. They will be delivered in November. A \$10 deposit was required before orders could be taken.

RENOVATIONS AT ZION CHAPEL  
By: Becky Huxley

Upon returning to school after summer vacation, students at Zion Chapel realized that the school buildings have been renovated. Some were major renovations while others were minor maintenance details.

The gym walls were sand-blasted and repainted. The floor was sanded and varnished. Darrall Warr, an artist from the Pepsi Cola Bottling Company of Laverne re-did the artwork on the gym walls. He also added some artwork to the floor before it was varnished.

Lenita Smith and Averett Moultry worked with Maintenance engineer Martin Mobley all summer. They varnished classroom floors and repainted any area that needed it. They pulled up the old carpet in Mrs. Ogas home economics department, sanded the floor then applied varnish. One renovation not complete is the restrooms in the high school building. Bathroom facilities are available in the elementary building or gym.

A CELEBRATION OF CITIZENSHIP  
By: Camille Marler

"A Celebration of Citizenship," the ceremony to celebrate the Constitution's second centennial anniversary, was held in Zion Chapel's gymnasium on Sept. 16. Mrs. Rachel Bryan opened the program by welcoming the student body, faculty and guests. Honored guests were Coffee County commissioners Jimmy Bryan and Damascus Crittenden; Sgt. David Brown of the Army National Guard and several parents of students. Noreen Bowden, secondary supervisor, represented the Coffee County Board of Education.

The Zion Chapel Chorus sang "We the People." The group had only two weeks before the ceremony to learn the song and dance routine. Mrs. Bryan said, "I was overwhelmed and emotionally touched at their ability and their desire to learn such a hard selection in such a short time."

Senior class members Melody Bray, Greg Hall, Donna Grissold, Peter Bryan, Helen Baker and Scottie Lee presented the story of the Constitution. They explained the Constitution's structure, how the Constitutional Convention was organized, and compromises that were made during the convention.

The Zion Chapel band, under the direction of David Seaton, then played the patriotic selection, "Duty, Honor and Country," narrated by Sgt. Brown, a graduate of Zion Chapel. Mrs. Bryan said she was glad to have him back representing his country in such a fine manner.

The senior class closed the ceremony by leading the student body, faculty and guests in the pledge of allegiance and in singing "America the Beautiful."

KING PERFORMS AT ZION CHAPEL  
By: Todd Rugg

Zion Chapel High School was visited by a special group of people who talked about an important issue, in an unusual but entertaining way.

The rock-n-roll group "Edge," a group of men who have dedicated their time and talents to entertaining area students, also talked about God and his ideas for a spiritual life.

Band members are Dave Dykes, lead singer; Jim Davis, drummer; Sandy Clements, keyboards; Bob Flake, bass guitar; and David Killingsworth, lead guitarist. They all graduated from high school and joined the nationwide group to spread the faith.

The first concert, Aug. 22, lasted 45 minutes and was only to give the students a glimpse of what they would see at the actual concert. This first concert cost nothing and included snacks which they would see at the actual concert.

The second concert, Aug. 23, the students were charged \$4 to help pay for the time and expenses. Some of the songs performed by Edge were "Heart of Rock-n-Roll" by Huey Lewis, "Here I Go Again" by Whitesnake, "Jump" by Van Halen, and others that all the students sang along to.

All students enjoyed the show as the guys were jam-packed. Our teachers seemed to enjoy the show, although English teacher Alene Lee was heard to say, "It was just so loud, I couldn't hear a thing." She later said she enjoyed the band's crazy antics.

## Band Performs In New Uniforms

By: Wayne Davis

At the beginning of last year, Zion Chapel's Rebel Band decided they needed new uniforms. They began looking for the right style, after careful consideration, they chose the Blue Devil Drum Corps style. The uniforms, from DeMoulin, are made of a material that is a 45 percent wool blend. This blend gives them a ten year life expectancy. With an Aussie hat, and a white plume, the uniform was complete. In order to fit both boys and girls, the uniforms have a unisex cut. The cost of 80 uniforms was \$14,080. Thanks to the PTO, who donated \$1,000, the

Coffee County Board of Education, who gave almost \$5,000, and the parents and local businesses who donated a uniform, and several fund raisers, the debt was paid within a year. Along with the new uniforms, the band also has new officers. Band officers are Jackie Parrish, drum major; Wayne Davis, captain; Lisa Holcomb, lieutenant; captain; Amy Senn, secretary; Anthony Oliver, sergeant; and Lavonia Johnson, Color Guard captain. These officers will represent the band at different contests. They will accept any trophies that the band might win.

## "Summer Activities"

All Star Band

By: Lavonia Johnson  
Jackie Herbert, Wayne Davis, Lisa Holcomb, Anthony Oliver, Lavonia Johnson and David Jackson were chosen as 1987 Alabama All Star Band members. They competed all over the state of Alabama for positions in this band. In applying for membership in the All Star Band, applicants had to make a tape of each playing a selection of their choice of music.

Dr. John Long, Troy State's band director, listened and evaluated the tapes to decide who would be members of the All Star Band. Once selected as a member, they received a letter telling them they had been chosen and telling them to be on the Troy State Campus at 2:00 p.m. on June 15.

The Zion Chapel All Star Band members met at ZC band director, David Seaton's home on June 15 at 12:00 a.m. to discuss what they were to carry for that week. Then around 12:30 p.m. they went downtown Troy to McDonald's for lunch and then on to Troy State University (TSU).

Once they were reentered and checked at 11:00.

The next four and one half days were filled with activity. The first schedule included five class periods. The first class began at 8:30 and the last class ended at 8:15. There was an hour break for lunch and an hour and a half for dinner.

In the evenings the students were entertained in a variety of ways: Monday, the opera "The Sound of Music"; Tuesday, a talent show; Wednesday, a dance; Thursday, the

movie "Back to the Future". On Friday the regular schedule ended at 1 p.m. A final show was presented. The Color Guard members were given gold certificates with their name inscribed.

Lavonia added, "It was hard work, but a fun experience that I enjoyed! I would recommend it to all people who like to work, have fun and enjoy meeting people."

## Class Of 1978 To

## Be Honored

## At Homecoming

By: James Liptrot

Tomorrow night is homecoming at Zion Chapel. Queen Tammy Duncan will be crowned during pre-game ceremonies that begin at 6 p.m. The class of 1978 will be honored this year. They will have reserved seats at the ballgame.

The Homecoming Attendants are senior, Lavonia Johnson, junior, Lisa Holcomb, sophomore, Michelle Ogelsby, and freshman, Wendy Chancellor.

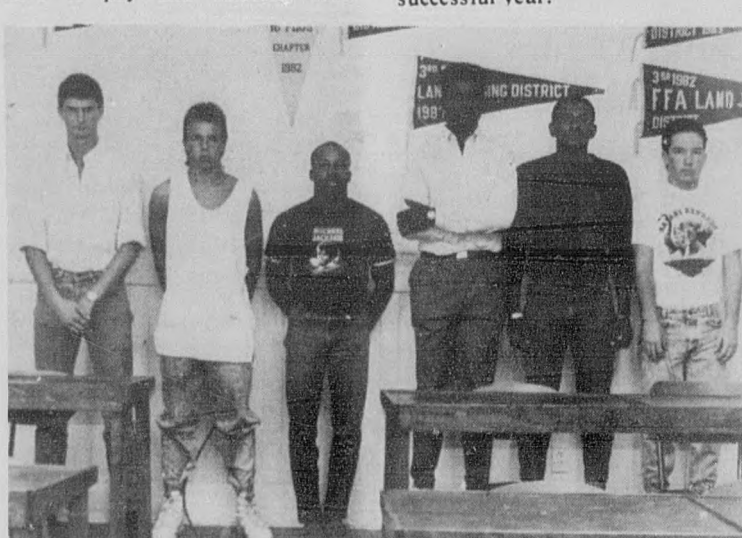

Another homecoming activity is the seniors of 1987 getting together for a yearbook-autographing party. Those who wish to attend should meet in Mrs. Bryan's room at 6 p.m.

## Tammy Duncan Elected FHA President At ZC

By: Lee Kelley

Last Thursday, September 17, the Future Homemakers of America (FHA) had its first meeting. The meeting was held in Mrs. Martha Ogas's Home Economics Department. The group of young women and men learned about the dues they would have to pay and selected their

officers. The FHA officers are: Tammy Duncan, president; Wayne Davis, vice-president; Donna Grissold, secretary; Jackie Parrish, treasurer; Pam Evans, reporter; and Tracy Pearson, parliamentarian. The FHA members are looking forward to a successful year.

## FFA Holds First Meeting

By: Chris Moultry

Discussion of land judging and livestock judging teams were the topic of business at the first Future Farmers of America (FFA) meeting. Mr. Harold Stewart, club advisor, led the discussion and highlighted the important aspects of these competitions.

Also on the business agenda was the election of officers for the year.

Chosen were Steve Carnley - president; Kendall Grissett - vice president; Freddie Culver - secretary; Torrez Hayes - treasurer; Chris Moultry, sentinel, Keith ward - reporter.

The meeting was held in the Agri-Business Dept. with 20 members present.

## ZC Welcomes 3 New Teachers

By: Onna Lee Rundy

Miss Earlene Coachman is a 1979 graduate of Cottonwood High School. She attended Wallace Jr. College and Troy State University. She graduated in May of 1987. This is her first year teaching, and she began August 31, 1987. She is the fifth child in a family of 14. She has ten brothers and three sisters.

Mrs. Anita Spear Grant also is a new teacher at Zion Chapel. She is a 1976 graduate of Zion Chapel. She graduated from Troy State University in 1980 with a BS in Business Administration. She decided to return to TSU to obtain a teacher's certificate. In 1987 she was awarded another BS degree. This time she earned her credentials to teach business education and biology. She interned at Zion Chapel from January to March of last year with Mrs. Rachel Bryan. Mrs. Grant is married to Randy Grant and has one daughter.

Mr. Tom Walker is head basketball coach and assistant football coach. He graduated from Lely Hall.

Lavonia Johnson

Attends TSU Clinic

By: Lee Simmons

Lavonia Johnson is the captain of the Zion Chapel High School Color Guard. She attended the 1987 Color Guard Camp in July. It was held at Troy State University in Troy.

Lavonia said she went at the suggestion of Z. C.'s band director, David Seaton. "He said it would help me as a Color Guard captain, with my twirling abilities and would also give me a lot of ideas for our own Color Guard routines. If that wasn't enough reason, it would give me more experience if I wanted to do other Color Guard camps after I graduate this year," said Lavonia Johnson.

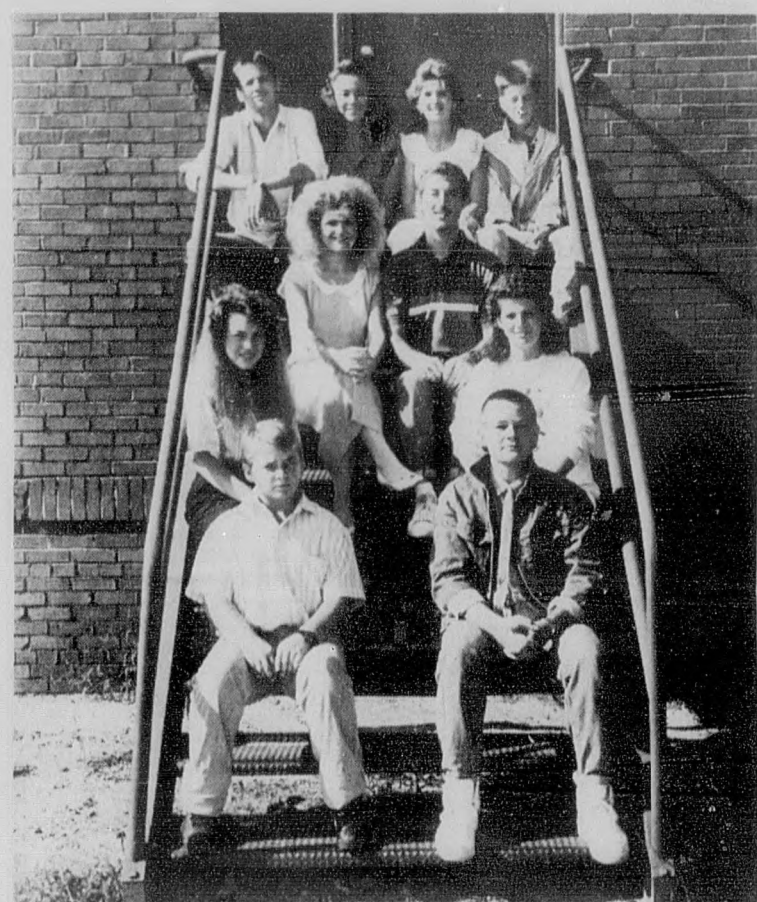

The Color Guards participating in the camp were registered at TSU from 2 p.m. until 4 p.m. on Sunday afternoon, July 19. They attended an opening assembly in Smith Hall auditorium. There was a group meeting at 10:45 that evening in the residence halls followed by a room unpacked, they went to Long Hall for a rehearsal. After rehearsal they were served dinner in Stewart Dining Hall and then they were welcomed by Dr. Long. After the welcome reception they were told to mingle with other members.

Tuesday through Thursday they were served breakfast in Stewart Dining Hall around 7:15 a.m. and then were in class from 8:30 a.m. until 11:45 a.m. when lunch was served. They returned to class after lunch and remained in class until 5:15 p.m. when dinner was served. After dinner they returned back to class, and were dismissed at 8:30 p.m.

Once dismissed they had night activities like watching films, eating pizza, and attending a dance.

Friday, July 19, they went by their regular schedule up until 11:00 a.m., when they had room check out for students not staying over Friday evening.

Buses pulled out at 1:00 p.m. from behind Long Hall for Samford Stadium where they were to perform for the Alabama Sports Festival but due to rain the Alabama All Star Band could not perform.

The 1987-88 homecoming court is Jason McLeod, freshman, Wendy Chancellor, Cade Shiver, junior, Lisa Holcomb, Wayne Davis, queen Tammy Duncan, David Jackson, senior, Lavonia Johnson, Todd Rugg, and sophomore Michelle Ogelsby.

## Elba Tiger Football Feature

Farrell Dorsey, 81, is a defensive end for the Tigers. Farrell has had a good season so far and continues to excel in practice every day. Farrell is a member of the E-Club and FFA. We hope to see Farrell continue his good work.

Keith Rodgers, 17, is the Elba Tiger's noseguard. He has played for the Tigers 2 years. Keith is a member of the E-Club, Vica Club and is a member of the Opp church of God in Christ. Keith says that he plans on a military career after high school.

Joseph McColloough, 17 year old senior, is the Tiger center for the Tiger offense. Joseph has started for the Tigers for 3 years. Joseph is a member of the E-Club, Beta Club, Mu Alpha Theta, and FFA. Joseph attends the Victoria Baptist Church. His parents are Billy Paul and Grace McColloough.

## Seniors Of The Week

BEVERLY WRIGHT - Beverly is the daughter of Gladys Wright and has attended Elba schools all her life. Her favorite class is Advanced English and her favorite teacher is Mrs. Tucker.

Beverly is a member of the Elba Marching Tiger Band and a member of Bethlehem Baptist Church.

Her most memorable time at EHS is her trip to Orlando, Fla., with the band. She plans to attend Troy State University after graduation.

JENNIFER MICHELL WALKER - is the daughter of George and Annie Walker of Elba and has attended Elba schools all her life. Her favorite class is English and her favorite teachers are Mrs. Tucker and Mrs. Davis.

Jennifer is a Classes editor on the annual staff, a member of the Delta Sigma Zeta Chapter of Alpha Pi Chi Sorority, FHA and a member of the New Zion Baptist Church.

Her most memorable time at EHS is her trip to Washington, D.C. with the band. Jennifer plans to attend ESJC after graduation and then further her education at Troy State.

SCOTTY COLE - is the son of Mr. and Mrs. Leroy Cole and has attended Elba schools all her life. His favorite class is trigonometry and his favorite teacher is Mrs. Addison.

Scotty is a member of the Sr. Beta Club, Mu Alpha Theta, president of the Elba Marching Tigers and a member of Elba Zion Baptist Church.

His most memorable time at EHS was his trip to Washington, D.C. with the band.

Scotty plans to attend Auburn University after graduation.

## The Young World Of Learning Kindergarten And Day Care

Will be taking enrollment for Kindergarten starting now.

We also have programs for our younger children.

For More Information Call 897-2755

## What Freedom Means To Me!

Mrs. Vignola's class was asked to write a short essay on "What Freedom Means To Me," and the following essay written by Joe Jacobs was selected to be published on the school page:

WHAT FREEDOM MEANS TO ME  
Freedom means more to me than just the fact that we as Americans have certain rights and privileges. To me it is more of a feeling and state of mind.

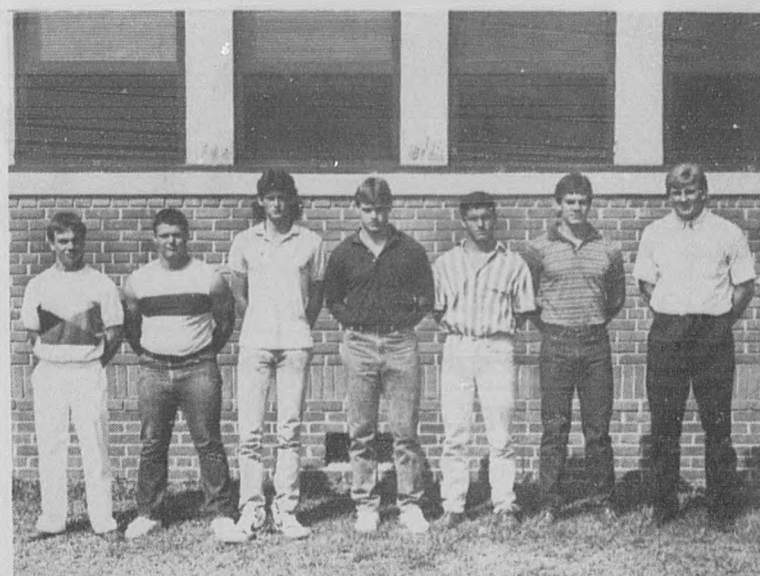

I can never appreciate freedom as much as the people who haven't always had it, but I can imagine my life without these rights our country has fought for. Living without religious freedom, the right to say what you feel, and the many other

rights our country allows us would be very hard on me, after experiencing our freedom. We take for granted the many advantages we have over many countries.

Perhaps one of our greatest privileges is what the government calls "private enterprise." What this means to me is that an American can pursue his or her own dreams. We have a chance to have a good education. With this, there is no limit on how far one can go in his or her own career.

Freedom is not just our way of life today, it is also what we can achieve in the future.

By: JOE JACOBS

1987-88 FFA OFFICERS: Troy Kelley - president; Chris Grantham - 1st vice president; Farrell Dorsey - 2nd vice president; Brian Free - treasurer; Barry Bryan - reporter; Jason Johnson - sentinel; Mike Harrelson - advisor. (Not pictured - Matt Henderson - reporter)

## Views From The Pressbox By, Ricky Mularz

### Tigers Leery Of Speedy Clayton Tigers

The Elba Tigers will put a 4-game winning streak on the line Friday night when they host the winless but always dangerous Clayton Tigers in a Class 3A, Area 4 battle.

"Clayton is better than they were last season," stated Elba's Coach Mack Wood, "and they can scare you with their tremendous speed on both sides of the football."

"On offense Clayton spreads out all over the field and attempts to best use its speed by throwing the ball and running wide. They also use a lot of motion and will run a reverse, so it's pretty obvious their game plan is to use their speed!"

"Over on defense Clayton will line up something that resembles a 5-3 and do just about everything possible. They'll bunch up at the line on some plays and bring everybody, while on other plays they'll spread out and blitz from the corners. The Clayton defense has

outstanding speed and doesn't mind hitting you."

"If we want to win the football game we'll have to have a good week of preparation and keep improving in all areas," stated Wood. "Some-

times youngsters tend to take things for granted and when they do strange things can sometimes happen. We'll have to have a lot of pride in everything we do and play like we are capable of doing."

"On offense the key will be how well the line picks up their stunts and blitzes. The line will have to be quick, block well and maintain their blocks. We'll also have to be balanced and try to keep Clayton from putting everybody at the line of scrimmage."

"Our defense will have to play aggressive and be in position at all times. The defense will have to be real sound, tackle well and be alert for anything."

I don't usually fill out football prediction contests in the daily newspapers because I'm afraid I'll use up all my luck; however, last week I filled out three pick sheets and on two of the contests the only games I missed were the ties between Auburn and Tennessee and LSU and Ohio State. I don't know if my picks were good enough to win anything, but I did well enough so that this week I'm sure to try again!

#### TIGERS MAKE IT FOUR WINS IN A ROW

The Elba Tigers defeated Ozark last year in the season opener and then lost four straight games, while this year the Tigers lost to Ozark and have since won four straight. Maybe the loss wasn't as bad as we thought!

Time-Weather-Temperature  
CALL  
897-5721  
Southtrust Bank  
of Coffee County!

I'll admit that I was never really worried about last week's game with Pike County and even told a friend of mine from Brundidge that I didn't see any way Elba would lose. For once I was right! The Elba Tigers continued to show improvement last week and the result was a very impressive win over the always-dangerous Pike County Bulldogs. Elba took command early in the game on offense and then turned things over to the defense, which never allowed the Bulldogs to make it into the endzone. It was without a doubt a big win!

The Elba offense looked like the Tigers of old Friday night as it rolled up and won the field against a very good Pike County squad. The running game clicked all night long and rolled up over 350 yards, led by senior Robert Wilson, who has already answered the question, "Who is going to fill the shoes of Horstead, Scott and McKinnon?" Wilson gained 164 yards in the win and to me appeared to be running with more authority and drive than ever before. Robert got hurt last year in the second round of the playoffs and many thought he would never be the same, but nothing could be further from the truth as he has come back with a mission and seems to be getting better and better. Jason Johnson had a good game both running and passing and it was good to see him rebound from his off-night in Opp. Johnson had absolutely no experience at the start of the season, but has shown remarkable improvement and could become one of the Tigers' best ever if he can continue to improve. Fullback Leon Coleman had an injured shoulder against Pike County and it wasn't known if he'd play, but he played and played well as he ran and blocked with power, as did Reggie Horstead. The offense is looking mighty good running the football and when that happens you know the line is blocking, so when you see one of the guys who butts heads on every play, let him know how you feel! Summing up the night on offense, I thought the Tigers should have scored five touchdowns instead of just three, but the defense moved the ball well and is looking better every week.

The Elba defense made some mighty big plays early in the game to stop a pair of Pike County scoring threats, and while the stands may have got lost in all the excitement, they were big points in the game. The defense had every thing thrown at it but the kitchen sink, including a flea-flicker on the very first play of the game, but played well and didn't allow Pike County to put the ball in the endzone. There were a lot of big plays on defense - too many to single out - but a couple I remember were a sack by Troy Sanders, a fumble recovery by Gappa Wise, a touchdown-saving tackle by Jason Johnson and another big tackle on a trick play by Matt Henderson. The defense couldn't be as aggressive as usual because of the Pike County tricks, but it played well enough to win a bunch of games and I hope the best is yet to come.

Taking one last look back, Elba played well in almost all areas and deserved to win against a very good team!

#### NEW BROCKTON KEEPS ON WINNING IN EVERY ACTION

This hasn't been a big year for all the county schools, but over at the Gamecock camp New Brockton has just buried all challengers and appears headed for another spot in the record books. Here's a look at what happened last week with the three county schools:

\*\*\*New Brockton cruised past a good Red Level Tiger team 27-0 and continues to be one of the state's top 2A teams. The Gamecocks were expected to have a good team this season, but at the midway point of the season I don't think anybody could have imagined New Brockton being 5-0 and having outscored its opponents 123-32. The Gamecocks are for real and have a shot at posting the school's first perfect season, if they can play the games one at a time and not take any team lightly.

\*\*\*Zion Chapel took out its frustrations against Coffee Springs, and even with many youngsters in the lineup rolled up a 48-0 win. I'll admit that Coffee Springs is one of the weakest teams in the state; however, Zion Chapel is no winless club and now that the Rebels have tasted victory they may get a craving alive. Look for the Reds to pull off a few surprises before the season ends.

\*\*\*Kinston got ambushed at Skipperville to the tune of 27-7 and it looks like the Bulldogs still are a hard team to figure out. They looked super a couple of weeks ago in pouting Houston Academy and Wicksburg, but since have fallen to Samson and Long and have four good teams left on the schedule. If the real Kinston Bulldogs will show up every night a playoff spot could be waiting, if not -- just another losing season.

#### STRIKE ONE . . .

I don't watch much pro football, so Sunday's games being canceled didn't bother me at all. I've watched the late night shows and listened to both sides explain what the problems are, but I can't decide who to support. The thing that bothers me the most is the way the pro players have acted on the picket lines. The pros have acted like the "scab" players are the bad guys, when all the new players really want is a job that pays a minimum of \$3800 per week. The strike may end soon, but for me the actions of the players have already spoiled the season and if they do come back the fans should go on strike and refuse to watch!

#### MORE POLISH PROGNOSTICATIONS . . .

Ye Ole Polish Prognosticator hit on all but 4 of his picks last week and is all fired up going into Week #6 of the high school season. If the luck holds out a perfect week may be in the cards. Here goes . . .

#### ELBA VS. CLAYTON

For some reason the Tigers always seem to play up to the level of competition, and if that is the case this week, Friday night's game could be anything but exciting. Clayton seems to have some talent and caused Elba problems last year, so I look for the Tigers to win, but do so just by going through the motions!

Elba 33 - Clayton 12

#### NEW BROCKTON VS. BRANTLEY

When this game was added to the Gamecock schedule it looked like a real classic for both teams; however, the Bulldogs have fallen on hard times and the Gamecocks are more powerful than ever. The New Brockton defense will dominate this one and make it another big win!

New Brockton 31 - Brantley 0

#### KINSTON VS. DOZIER

The Bulldogs have lost two straight and this week must battle the state's top ranked team in 1A. I don't really think Dozier is the best team in the state, but I do think they've got way too much speed for Kinston and will win without much trouble.

Dozier 28 - Kinston 0

#### ZION CHAPEL VS. FLORALA

The Rebels got to taste the sweetness of winning last week and liked it, so who knows just how hungry they really are? Florala isn't as bad as many people think and could pull off the win; however, I'm looking for Zion Chapel to rise to the challenge and make it two straight!

Zion Chapel 32 - Florala 14

#### OTHER PICKS:

Samson 45 - Arion 6

## Tigers Rip Pike County 20-6

The Elba Tigers jumped out to an early 14-0 lead and never looked back Friday night as they posted a surprisingly easy 20-6 win over the Pike County Bulldogs, in front of a large crowd in Elba.

The win upped Elba's record to 4-1 and was the Tigers' fourth straight win, while Pike County saw its record slip to 2-3 with the loss.

Pike County received the opening kick and immediately brought the fans to their feet as the Bulldogs returned the kick to midfield and then on the first play of the game the Bulldogs converted on a flea-flicker that moved them to a first down at the Elba 31-yard line!

The Bulldogs' quick success seemed to wake up the Tiger defense as Pike County lost a total of 4 yards on its following three plays and was

forced to punt.

The Bulldogs got the ball back on an Elba punt and had excellent field position at the Tiger 45-yard line; however, this time the Tiger defense was ready and needed only one play to return the ball over to the offense as Troy Sanders knocked the ball loose from a Bulldog back and Gappa Wise recovered the fumble at the Tiger 43.

Elba's Leon Coleman gained a total of 7 yards on two carries to move the ball to midfield, and on third down Robert Wilson got the call and ripped off a run of 26 yards to put the Tigers in business at the Pike County 24-yard line.

A 13-yard scamper by Wilson and a Pike County penalty moved the ball to the 6, and on the next play Wilson again got the call and this time reached paydirt!

### Elba Athletic Club To Give Away

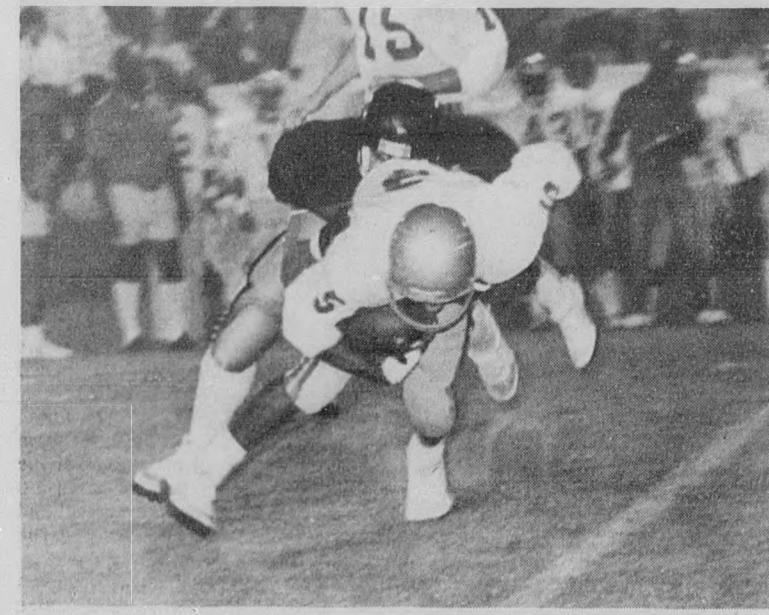

#### 100 Bill At Homecoming Game Oct. 9

The Elba Athletic Club will give away a \$100 bill on Friday night, Oct. 9, following halftime festivities during the Elba-Louisville football game.

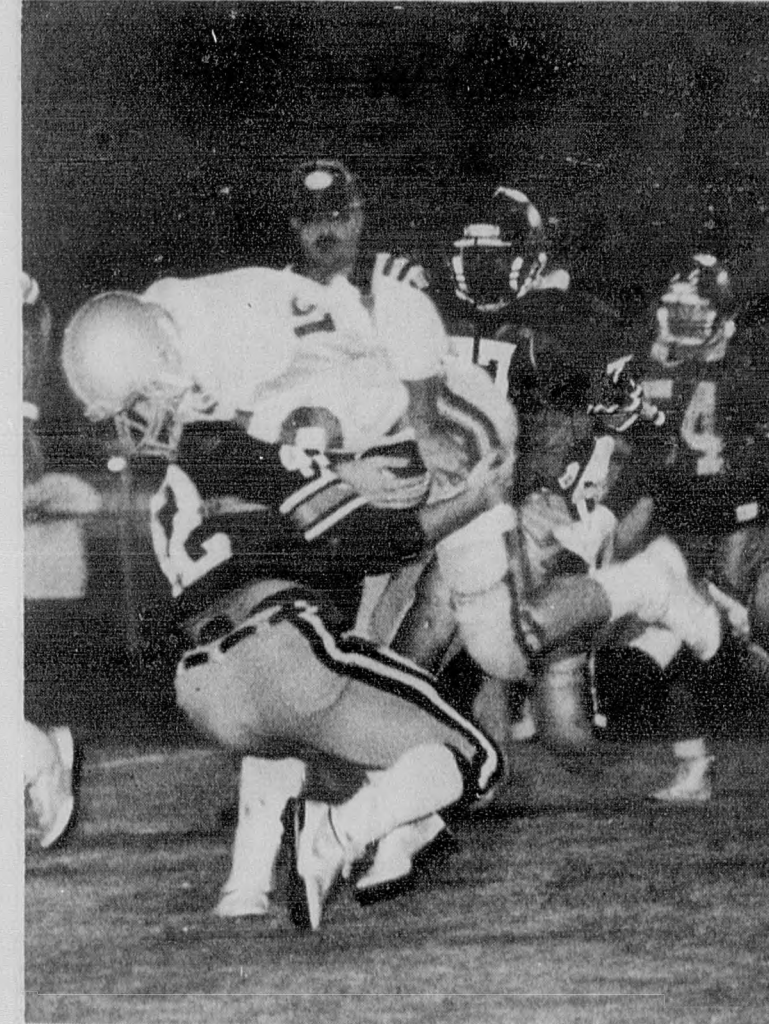

Anyone wishing to receive a

lucky ticket for the \$100 bill may do so by making a \$1 donation to the Athletic Club.

See any Athletic Club member for more information.

Elba defensive tackle Troy Sanders (79) drags down a Pike County runner for a 5-yard loss in last week's 20-6 Elba win.

END OF THE ROAD . . . Elba defensive back Bobby Bowden (42) stops a Pike County runner cold Friday night in the Tigers' 20-6 win over the Bulldogs. The Tiger defense limited Pike County to 52 yards rushing in the win.

### Let's Split This Weekend!

SATURDAY & SUNDAY ONLY!!!!  
October 3-4

Claxton Ave. Elba, AL.

Chris Fleming added the extra point, and with 5:20 left in the first quarter the Tigers were ahead to stay at 7-0.

The Tigers got the ball back at the Elba 20-yard line following another Pike County punt and this time marched 80 yards in 11 plays to stretch their lead. A 28-yard run by Robert Wilson got the Tigers out of the hole quickly and behind the running of Wilson and Leon Coleman the Tigers marched to a first-and-10 at the Pike County 35!

A big loss on an errant pitchout slowed the march and left Elba facing a fourth-down-and-9 at the Pike County 28, but the Tigers came through with the big play, and when Jason Johnson hit a diving Robert Wilson with a pass the Tigers had the first down and the ball at the Pike County 1-yard line. Wilson scored one play later and after the extra point by Chris Fleming, Elba's lead was up to 14-0 with only 22 seconds gone in the second quarter!

Pike County was down but not about to roll over, and following the Elba score began a drive toward the Tiger goal. A big play in the march was a standout pass from Fred Rodgers (51), Jason Hodges (41 & 1a), Troy Sanders (40), Jason Johnson (40) and Gappa Wise (41 & 1a) fumble recovery.

The Elba defense was led by Leon Coleman with 6 tackles, while other standouts included Keith Rodgers (51), Jason Hodges (41 & 1a), Troy Sanders (40), Jason Johnson (40) and Gappa Wise (41 & 1a) fumble recovery.

The Bulldogs' offense was also ready to have some fun and began a drive that carried all the way to the Elba 20-yard line. The combination of Fred Holland to Fred Baxter on the halfback pass was again the big play during the drive as the two teamed up on a 36-yard gain, but the Tiger defense got stingy as the Bulldogs got near the goal line and stopped Pike County on a fourth-down-and-7, to once again stop the Bulldog threat.

The Tigers received the second half kick and began a drive that would carry them all the way to the Pike County 2-yard line. Robert Wilson gained a total of 33 yards during the march and quarterback Jason Johnson added a 19-yard gain that got the Tigers within the shadows of the goal post; however, disaster hit on third down at the 4-yard line as Johnson and Coleman got their signals confused and the result was a fumble that was picked up by Pike County's Travis Lee at the 5 and the big defensive end rambled down the field untouched for a Pike County touchdown! The p.a.t. was wide, but with 7:04 left in the third quarter the Bulldogs were back in the game as Elba's lead was chopped to 14-6.

The sudden score fired up the Pike County defense, but the Tiger offense was determined to make up for the bobble and needed only 8 plays to regain command. A 33-yard kickoff return by Troy Kelley gave the Tigers a first down at the 43-yard line, while a 22-yard pass from Jason Johnson to Kelley moved the ball to the Pike County 35.

Robert Wilson and Leon Coleman took over from the 35-yard line as the talented runners took turns eating up

huge chunks of yardage. Wilson gained a total of 19 yards on the march, while the score came when Jason Johnson kept on a sweep and trotted into the endzone. The extra point sailed under the cross bar, but with 3:34 left in the third quarter the Tigers were back in charge with a 20-6 lead!

The Tigers appeared ready to turn the game into a blowout on their next possession as the Tigers moved to a first down at the Pike County 12-yard line. The drive covered 61 yards in 15 plays and ate up almost six minutes off the clock and was highlighted by the running of Reggie Horstead who gained a total of 44 yards.

Elba got as close as the Pike County 44-yard line, however, the Tigers couldn't punch it in and had to settle for the 20-6 win.

Robert Wilson gained 164 yards on 21 carries and caught 1 pass for 27 yards to lead the Elba offense, while Leon Coleman added 76 yards on 16 carries and Jason Johnson gained 57 yards on 7 carries.

The Elba defense was led by Leon Coleman with 6 tackles, while other standouts included Keith Rodgers (51), Jason Hodges (41 & 1a), Troy Sanders (40), Jason Johnson (40) and Gappa Wise (41 & 1a) fumble recovery.

The Bulldogs' offense was also ready to have some fun and began a drive that carried all the way to the Elba 20-yard line. The combination of Fred Holland to Fred Baxter on the halfback pass was again the big play during the drive as the two teamed up on a 36-yard gain, but the Tiger defense got stingy as the Bulldogs got near the goal line and stopped Pike County on a fourth-down-and-7, to once again stop the Bulldog threat.

The Tigers received the second half kick and began a drive that would carry them all the way to the Pike County 2-yard line. Robert Wilson gained a total of 33 yards during the march and quarterback Jason Johnson added a 19-yard gain that got the Tigers within the shadows of the goal post; however, disaster hit on third down at the 4-yard line as Johnson and Coleman got their signals confused and the result was a fumble that was picked up by Pike County's Travis Lee at the 5 and the big defensive end rambled down the field untouched for a Pike County touchdown! The p.a.t. was wide, but with 7:04 left in the third quarter the Bulldogs were back in the game as Elba's lead was chopped to 14-6.

The sudden score fired up the Pike County defense, but the Tiger offense was determined to make up for the bobble and needed only 8 plays to regain command. A 33-yard kickoff return by Troy Kelley gave the Tigers a first down at the 43-yard line, while a 22-yard pass from Jason Johnson to Kelley moved the ball to the Pike County 35.

Robert Wilson and Leon Coleman took over from the 35-yard line as the talented runners took turns eating up

nowhere to run in Friday night's clash between Pike County and Elba. Making the stop for Elba are Troy

Elba tailback Robert Wilson (25) goes high to pull in a key fourth-down pass in last week's win over Pike County. Wilson was stopped on the 1-yard line on the play, but scored on the next play to give the Tigers a 14-0 lead.

NO ROOM TO RUN . . . A Pike County back finds nowhere to run in Friday night's clash between Pike County and Elba. Making the stop for Elba are Troy

Elba cheerleader Jeanie Clark had plenty to cheer about Friday night as the Tigers upped their record to 4-1 with a big win over Pike County.

Zion Chapel cheerleaders had no trouble getting the Rebel crowd fired up Friday night as the Rebels defeated Coffee Springs 48-0.

## Zion Chapel Clobbers Coffee Springs 48-0

By: Ronny Shiver

The Zion Chapel Rebels chalked up their first season win against the Coffee Springs Golden Bears Friday night by a score of 48-0. The Rebels shut out the Bears, with Coffee Springs' deepest penetration of the game being stopped on the ZC 17.

The game was totally dominated by the Rebels, who basically scored at will, and it was also good to see some of ZC's second string players in the game, gaining some valuable experience.

Zion Chapel took the opening kickoff with Thomas Boswell running the ball back for a 23-yard return to the Bears' 35. Quarterback Jeffery Flowers completed a third-down pass to Pete Bryan for 15 yards and a first down, and then Stacy Faison and Thomas Boswell combined their efforts to gain 49 yards, with Faison taking the ball in for a Rebel TD!

Collins put the extra point through the goal posts and the Rebels took the lead 7-0 with 8:05 left in the first quarter.

On the next two possessions Coffee Springs fumbled the ball with Zion recovering both times. Boswell and Faison then took turns scoring TD's, with Boswell taking it in from 3 yards out and Faison diving across the goal line from the 6-yard line.

One 2-point conversion hit and one failed and the first quarter ended with Zion once again in possession of the ball.

A fourth-down punt early in the second quarter by the Bears rolled dead on their own 43, and eight plays later Sean Collins took the ball in from 6 yards out for another Rebel TD.

Once again the Rebels converted on a 2-point try, and with 9:55 left in the first half Zion Chapel had extended its lead to 29-0.

The Bears took the kickoff, but again fumbled and Zion recovered. A pass intended for Thomas Boswell was picked off by Coffee Springs' Gary Simmons, but once again the Bears failed to handle the ball and yet another fumble was recovered by Zion Chapel. Thomas Boswell took the handoff and completed a pass to Pete Bryan for 23 yards and a Zion first down. Then Collins took the ball in from 2 yards out for another Rebel TD. The extra point went wide, and with 6:08 left in the half Zion stretched its lead to 35-0.

The Bears put together a four-first-downs drive on their next series, but failed to convert on a fourth down fake punt play, and the half ended with the Rebels well in command.

The second half began with the Bears taking the kickoff, but they again fumbled the ball away to the Rebels on the Coffee Springs 24. A first-down pass interference call against the Bears moved the ball to the 12 1/2-yard-line, and then an unsportsmanlike-conduct penalty moved the Rebels to the 6, along with the ejection from the game of Coffee Springs head coach Lee Holladay.

Quarterback Jeffery Flowers then completed a pass to Pete Bryan in the endzone for Zion's 6th TD of the game!

The extra point kick hit home and with 9:14 left in the third quarter Zion pushed its lead to 42-0.

Coffee Springs took the kickoff and drove down to the Rebel 17, but after a missed field goal attempt, never threatened again.

Zion scored one more TD, with Sean Collins taking it in from the 19. The extra point failed, but Zion went home the winner at 48-0.

Zion scored one more TD, with Sean Collins taking it in from the 19. The extra point failed, but Zion went home the winner at 48-0.

## Brantley Falls To Luverne 35-6

By: Billy Wayne Williamson

The giddy Brantley Bulldogs saw their hopes of an upset go up in smoke Friday night as the Luverne Tigers scored the final three touchdowns of the game to claim a 35-6 win.

The loss left the Bulldogs with a 1-4 record, while Luverne upped its record to 3-2 with the win.

The two cross-county rivals battled on even terms for much of

the opening stanza as neither team could mount an offensive threat. Brantley got a break early in the quarter when Laron Tillis recovered a Luverne fumble at the Tiger 45-yard line, but the Bulldogs got pushed back and were forced to punt as the quarter ended with the score knotted at 0-0.

Luverne got the ball on a Brantley punt late in the first quarter and began a drive that would cover

74 yards and put the first points of the night on the scoreboard!

Theron Owens was the workhorse of the drive with a total of 51 yards on 6 carries and had a big hand in the touchdown as he gained 13 yards before fumbling into the arms of teammate Edwin Brown, who ran in from two yards out for the score.

Tommy Franklin added the extra point, and with 9:42 left in the half Luverne was on the board with a 7-0 lead.

The Bulldogs got their second break of the game in the second quarter as a Luverne punt traveled only 3 yards, setting the Dogs up at the Luverne 44-yard line. The break did little good however as a Brantley pass was picked off at the 10-yard line and returned to the 36.

The interception took some steam out of the Bulldogs and the Tigers struck quickly to stretch their lead to 14-0. The score came on the first play following the interception when Edward Lowery hit speedy Carlton Golden and Golden raced 64 yards for a touchdown!

Franklin's extra point was successful, and with 5:42 left in the half the Tigers appeared to be in control with a 14-0 lead.

Brantley got its third big break of the game midway through the third quarter when David Lester recovered a Luverne fumble at the Luverne 20-yard line and this time the Bulldogs cashed in on the break to get back in the hunt!

Runs by Anthony Eiland and Ellis Harris moved the ball to the 2-yard line and Wesley Person got the touchdown on a 1-yard plunge. A mishandled snap foiled the p.a.t. attempt, but with 3:54 left in the third quarter Brantley was back in the game trailing only 14-6.

The Bulldog score seemed to wake up the Luverne offense as the Tigers took the ensuing kick and needed only two plays to regain command. A 30-yard return by Luverne's Carlton Golden and a 15-yard penalty against Brantley on the kickoff put the Tigers in business at the Brantley 39-yard line, and one play later Edward Lowery went to the air and hit Golden with a 33-yard touchdown pass! Franklin made it 3-for-3 on the extra point, and with 3:24 left in the quarter Luverne was in front 21-6.

Franklin's extra point was true, giving Luverne a commanding 28-6 lead with 11:21 left in the game.

The Tigers got the ball back on their 35-yard line following a Bulldog punt and drove 65 yards in 7 plays to score the final points of the game.

Theron Owens was the main force during the march with 29 yards on 3 carries and got the touchdown

74 yards and put the first points of the night on the scoreboard!

Theron Owens was the workhorse of the drive with a total of 51 yards on 6 carries and had a big hand in the touchdown as he gained 13 yards before fumbling into the arms of teammate Edwin Brown, who ran in from two yards out for the score.

Tommy Franklin added the extra point, and with 9:42 left in the half Luverne was on the board with a 7-0 lead.

The Bulldogs got their second break of the game in the second quarter as a Luverne punt traveled only 3 yards, setting the Dogs up at the Luverne 44-yard line. The break did little good however as a Brantley pass was picked off at the 10-yard line and returned to the 36.

The interception took some steam out of the Bulldogs and the Tigers struck quickly to stretch their lead to 14-0. The score came on the first play following the interception when Edward Lowery hit speedy Carlton Golden and Golden raced 64 yards for a touchdown!

Franklin's extra point was successful, and with 5:42 left in the half the Tigers appeared to be in control with a 14-0 lead.

Brantley got its third big break of the game midway through the third quarter when David Lester recovered a Luverne fumble at the Luverne 20-yard line and this time the Bulldogs cashed in on the break to get back in the hunt!

Runs by Anthony Eiland and Ellis Harris moved the ball to the 2-yard line and Wesley Person got the touchdown on a 1-yard plunge. A mishandled snap foiled the p.a.t. attempt, but with 3:54 left in the third quarter Brantley was back in the game trailing only 14-6.

The Bulldog score seemed to wake up the Luverne offense as the Tigers took the ensuing kick and needed only two plays to regain command. A 30-yard return by Luverne's Carlton Golden and a 15-yard penalty against Brantley on the kickoff put the Tigers in business at the Brantley 39-yard line, and one play later Edward Lowery went to the air and hit Golden with a 33-yard touchdown pass! Franklin made it 3-for-3 on the extra point, and with 3:24 left in the quarter Luverne was in front 21-6.

Franklin's extra point was true, giving Luverne a commanding 28-6 lead with 11:21 left in the game.

The Tigers got the ball back on their 35-yard line following a Bulldog punt and drove 65 yards in 7 plays to score the final points of the game.

Theron Owens was the main force during the march with 29 yards on 3 carries and got the touchdown

74 yards and put the first points of the night on the scoreboard!

Theron Owens was the workhorse of the drive with a total of 51 yards on 6 carries and had a big hand in the touchdown as he gained 13 yards before fumbling into the arms of teammate Edwin Brown, who ran in from two yards out for the score.

Tommy Franklin added the extra point, and with 9:42 left in the half Luverne was on the board with a 7-0 lead.

The Bulldogs got their second break of the game in the second quarter as a Luverne punt traveled only 3 yards, setting the Dogs up at the Luverne 44-yard line. The break did little good however as a Brantley pass was picked off at the 10-yard line and returned to the 36.

The interception took some steam out of the Bulldogs and the Tigers struck quickly to stretch their lead to 14-0. The score came on the first play following the interception when Edward Lowery hit speedy Carlton Golden and Golden raced 64 yards for a touchdown!

Franklin's extra point was successful, and with 5:42 left in the half the Tigers appeared to be in control with a 14-0 lead.

Brantley got its third big break of the game midway through the third quarter when David Lester recovered a Luverne fumble at the Luverne 20-yard line and this time the Bulldogs cashed in on the break to get back in the hunt!

**PLAT BOOK PRESENTED** - (L-R): Martin Montes, Soil and Water Conservation District supervisor; Dr. Joseph Talmadge, president of Enterprise State Junior College; and Steve Musser, district conservator with the Soil Conservation Service, look over the newly published Coffee County Plat Book. A copy of the book was presented to Enterprise State by the Forestry Advisory Committee.

The book contains important facts about understanding land descriptions including instructions in how to read these descriptions in terms of degrees. There is also a listing of other available plat books for the surrounding area, and Coffee County landowners are indexed in alphabetical order, with individual townships shown as they are located geographically. Also included in the book is a business directory of companies directly involved in timber and/or land and those who support these industries. Anyone interested in obtaining a copy of the book may do so for \$25 from the Coffee County Bank in Enterprise, Soil Conservation Service Office in New Brockton, Pea River Timber and The Peoples Bank in Elba. This is a non-profit project with all proceeds going toward the development of forestry programs in the county.

### Card Of Thanks

I want to thank all my friends, hospital, and since I've been home, neighbors and loved ones for your prayers, visits and the cards you sent to me during my recent stay in the

## Round And About With Eria

Mrs. Mary Young

### Mary Young To Work For State

Mrs. Mary Young, Home Economics teacher at Elba High School for the past 22 years, will begin work with the Alabama State Dept. of Education as a district Home Economics supervisor on Oct. 13.

In this supervisory capacity Mrs. Young will assist in administering one of the statewide programs of the divisions of vocational education in the 10 counties to which she has been assigned.

She will serve as a special assistant with overall responsibility for all consultation and advisory services in a special or related subject matter field.

My little children, these things write I unto you, that ye sin not and if any man sin we have an advocate with the Father, Jesus Christ the righteous.

And he is the propitiation for our sins, and not for ours only but also for the sins of the whole world. And hereby we know that we know him, if we keep his commandments. He that saith, I know him, and keepeth not his commandments is a liar and the truth is not in him.

But whoso keepeth his word in him verily is the love of God perfected; hereby know we that we are in him. He that saith he abideth in him ought himself also to walk even as he walked.

Brethren, I write no new commandment unto you, but an old commandment which ye had from the beginning. The old command is the word which ye have heard from the beginning. John 1:1-7

\*\*\*Thinking of you, praying for you: Mrs. Gladys Hill, Mr. Grover Belcher Sr., the Calhoun family, the Mullins family, Mrs. Fannie Brooks, Mrs. Olean Barry.

### ADRIANNA SHERREE HOOKS

Adrianna Sherree Hooks, born April 27, 1987, was a welcome guest in the home of her grandparents, Leroy and Lorene Cole and William and Ida Hooks, all of Elba.

This little is the daughter of Dewayne Hooks and Betty Ann Cole, Covina, Calif.

A baby shower was given for her Sept. 20 by Johnnie Kelley and Beverly Magwood at the home of Rosa Magwood, Elba.

\*\*\*Mrs. Eliza Page, Mrs. Betty Refegee, Elba, and Mrs. Mary Jones Hall, New Jersey, Anthony Kelley, Vera Williams and Eria Belcher visited Mrs. Juanita Rogers last week.

\*\*\*Mr. and Mrs. Earl Kelley, Ken and Dennis, Elba, visited Grover Belcher Sunday. Belcher is a patient in Flowers Hospital, Dothan.

Have a good day and God bless!

ERIA

### American Legion To Have District Meeting Tonight

The American Legion, Elba Culver Post #42 and Auxiliary will host the 35th district meeting tonight (Thursday, Oct. 1), at 7 o'clock at Post Home on Troy Road.

Honored guests will be State Dept. officers, Frank Wilkes, head of Dept. Veteran Affairs, Clayton E. Moneymaker, Dept. Commander, and 35th district service officers and their wives.

Entertainment will be provided and a meal will be served.

Tuesday - Hot Dog (manager's choice), French Fries, Fruit, Milk

Wednesday - Fried Chicken, Rice, Peas and Carrots, Jelly with Fruit, Roll, Milk

Thursday - Pizza, Corn, Cornflake

## News From The Senior Citizens

### SENIOR CITIZENS TAKE NATURE TRIP TO FLORIDA

By: Myrl Burkett

On Sept. 19 the Senior Citizens of Cordelia Street went on a nature trip to Florida.

The Elba group picked up those from Kinston and our first stop was Vortex Springs, then on to the Fountain of Youth at Ponce De Leon State Park.

At Morrison Springs we watched people training in skin diving, and they would go to the Gulf the next day.

At Eden State Park we saw a lovely old antebellum home and grounds, and at Grayton Beach we unpacked our lunches and ate in the shade of the buildings at this lovely place.

Some of us walked on the beach, others waded in the surf and some looked for small shells to bring home. We all loved the beach!

On down the beach we saw a housing development with 80 new homes and more in the early building stages - such lovely homes.

We crossed the long bridge twice, and on the return trip to Elba stopped at Chapman's Restaurant for a delicious supper.

We made our money for this trip from bake sales, dinners, ceramics and quilts.

Our bus driver's name was Grant Jones, Grayton driver.

Those making the trip included: Merle Boling, Myrl Burkett, Rushie Blanton, Odell Reeves, Zadie Bouyer, Mary Smith, Frances Shaboo, Arthur Blackman, Mattie Lou Goodson, Annie Pearl Carpenter, Mary Longfellow, Minnie Davis, Bob Folsom, Betty Henderson, Jessie Mae Knotts, Lena Farris, Aileen English, Dixie Mae Maddox, Pearl Farmer, Alice Johnson, Helen McCahan, Anna Stoudemire, Grace Goodson, Lisa Macon, Wanda Sasser, all from Elba.

Rebae Jones, Onie Weeks, Ernestine Rhodes, Violeta Daughtry, Elba Mae Smith, Ruby Weeks, Carola Robins, Micky Weeks, from Kinston.

The Senior Citizens of Cordelia Street met Sept. 24 at the HRDC Building on Simmons Street.

Talk was of the trip they made the Saturday before, and plans were discussed about activities for the annual Elba Day.

Some members played dominoes, and those enjoying the delicious lunch together included:

Myrl Burkett, Robert Donaldson, Grace Goodson, Bill Blair, Arthur Blackman, Mattie Lou Goodson, Pearl Farmer, Zadie Bouyer, Frances Shaboo, Jean Vauldin, Dixie Mae Maddox, Gladys Bryan, Mary Longfellow, Helen McCahan, Cory McBride, Mary and Winiflow Matthews, M. Boling, Wanda Sasser.

## Rambling Reflections

By Dollie Moore

Autumn is officially here! With its arrival comes class, family and school reunions, church and school homecomings, ballgames and the annual Peanut Festival.

The Curtis Reunion will be held Oct. 10 at the Coffee County Cooperative, the site of the Curtis schoolhouse that was closed and later destroyed by fire. All former students and faculty members (and their families) of Curtis School, which had Grades 1-9 are invited. Barbecue will be served at 1 p.m., and those coming should bring a dessert or tea and a lawn chair.

I attended the first reunion last year and wrote a column for *The Dothan Progress* about the day. I'd like to share it with *The Elba Clipper* readers. Maybe alumni of Curtis will read it and find out about the upcoming reunion Oct. 10.

Written Oct. 8, 1986

I had the opportunity last Saturday to attend the very first reunion ever held for students who attended Curtis School. From the time I started first grade here in 1943 till I graduated from the ninth grade in 1952, I met lots of people and have many happy memories. From the looks of the crowd, I wasn't the only one who had fond memories of the country junior high school, located just off the sharp curve on Hwy. 84 between Elba and Opp.

Graduates from the early 1900s reminisced about different buildings that housed the school, but I just remembered the building that opened in the early '40s. I didn't realize until I read the history that I'd actually gone to a night near new school those nine years. I did, however, know the place and its people had left a lasting impression on me. How could I ever forget the indoor bathroom facilities? No dividers between the seven commod-

ities didn't bother me because I didn't know they should be there. I'd never been used to such, and I thought with such a facility I must be in some sort of mansion or palace.

The auditorium, complete with a stage and two pot-bellied stoves, was also a favorite place of mine. I recollect all sorts of chapel programs I enjoyed, such as plays presented by different grades, singing by the entire student body, music recitals by the piano students and special programs that we paid a dime to see. After the programs, the folding chairs were put away so the floor would be ready for basketball practice at recess or, perhaps, a scheduled game with another school in the area.

Other times, we'd meet in the auditorium and pair off to do the Virginia Reel or other dances and games the teachers taught us. Of course, I couldn't forget the times the community gathered and supported the school at box suppers and other night programs. We raised needed funds and had lots of fun, too!

The addition of the lunchroom during my second or third year put an end to my brown bagging. Even though I missed my usual baked sweet potato for lunch, I welcomed the hot meal. I'd never tasted such yummy mashed potatoes and gravy, the mixture of peanut butter and jelly or honey was delicious, and I also got a taste of my first meatloaf. I didn't even mind when it was my turn to help clean off the tables or assist in other ways. I felt like a waitress in a downtown restaurant!

Activities before school and at recess were fun, too. If our bus got to the school in time, we'd have a quick game of baseball or kick the can before the final bell rang. Then, we were impatiently till recess so we could team up again and compete. It usually took all of us to make up a team, so the girls and boys played together, chose sides and battled. Whatever we played—jump the sticks, kick the can, baseball, basketball or another game—we usually had a good time and dreaded recess to end.

I owe all my basic learning to those dedicated teachers at Curtis. My first grade teacher, Mrs. Lena Grimes, taught several generations how to read and write, and Mrs. Hazel Lee drew a Christmas scene on her blackboard for every second grade class she taught. Watching Santa Claus and the Christmas scene come to life was the highlight of my second grade year. My sister's friend, Frances Taylor, taught me third grade.

My fourth, fifth and sixth grade years seem to merge together with several teachers molding me during those changing years. Our active group must have taken its toll on Mrs. Pinckard, Mrs. Whitman, Mrs. Baxley, Mrs. Jean Johnson and others who taught and worked with us. It was during those years I remember waiting for the arrival of the bookmobile each week, and I enjoyed reading books by Grace Livingston Hill.

As I grew older, I didn't feel nearly as big as I had thought others were. When I was a first grader, I thought a fifth grader was surely somebody special, and a ninth grader had to be an adult almost ready for marriage. However, when I became a fifth grader, I didn't feel special. I certainly wasn't ready for marriage when I reached ninth grade.

I did mature some during those years, and Miss Mae Morris, Mrs. Mary F. Ringsdorf and Mr. E. C. Griffin helped me along the way. As long as I have my right mind, I won't forget the multitude of rules I memorized in the *Keys to Good English* workbook for Miss Mae's class. Back then, I thought I was memorizing all that for Miss Mae's class, but she knew it was doing it for me. I'm glad she had the foresight and demanded that I learn it.

In addition to teaching me how to take notes and keep an organized notebook in seventh grade geography, Mrs. Ringsdorf taught me how to study for a test. She also taught me piano and gave me a scheduled time to practice at school. This was a lifesaver since I didn't have a piano at home. After taking lessons five years, I didn't become an accomplished pianist, but I did learn to appreciate music. I'll never forget Mrs. Ringsdorf and her patience!

My principal, Mr. Griffin, was also my math teacher in junior high and he was a good one. In addition, he taught Alabama history and other subjects and coached the basketball teams. Each year, the ninth graders would also present a class play that Mr. Griffin and the junior high teachers selected. They'd assign parts, give us a deadline to memorize them and give us a practice schedule. Somehow, we'd get it all together, and it was always the highlight of the spring.

Graduation exercises were also held each year for the sixth and ninth grade classes. I remember having a part in each of these, and both were special occasions.

Eight in my freshman class were present Saturday, and I hadn't seen some of them since we graduated in 1952. As we talked and caught up on the past 34 years, Raymond Rascoe summed up his and our feeling about Mr. Griffin when he said, "It wasn't till after we graduated that I realized what an influence Mr. Griffin had on our lives. He really did a lot for us—it just took me a while to realize and appreciate it."

My classmates, Christine Wilson Knudson, Mary Esther Jacobs Morgan, Joe Frank Donaldson, Max Anderson, Betty Jean Foley Long, Raymond Rascoe and Jimmy Young, and I enjoyed seeing each other and the multitude of others whose lives have been touched by Mr. Griffin and the teachers at Curtis School. We thought it was fitting that Janice Cowen Hudson, Nell Wilson Gilmer and others who organized the event decided to present Mr. Griffin with a plaque in recognition of his service to the community.

There were other principals before Mr. Griffin, but he's the one most of us remember. I'm happy the event was planned during his lifetime, and he learned firsthand that we do appreciate and treasure what he and other dedicated teachers and workers meant to us at Curtis School. They left their marks, and we came from all over the country to show them we care.

It was a good day! It was fun seeing those from my class, but it was also fun meeting older and younger graduates. No matter what our age, the heritage of Curtis School definitely bound us all together.

Note: This article was written about last year's reunion. Curtis alumni come and enjoy the second annual Curtis reunion Oct. 10.

Prices Good Wed., Sept. 30 thru Tues., Oct. 6, 1987. Quantity Rights Reserved. Limit 6 Unless Otherwise Specified. Not Liable For Typographical or Pictorial Errors.

### TELEPHONE REPAIR CHARGES

WITH THE DEREGULATION OF THE TELEPHONE INDUSTRY IN THE EARLY 80'S, TELEPHONE COMPANIES SUCH AS GTE LOST THE ABILITY TO RECOVER MANY OF THE COSTS ASSOCIATED WITH PROVIDING A FULL RANGE OF SERVICES WITH THE DOLLARS GENERATED BY LONG DISTANCE.

BECAUSE OF THIS, SERVICES WE ONCE PROVIDED UNDER A SINGLE FEE NOW HAVE THEIR OWN PRICE TAG. YOU MAY WANT TO COMPARE IT WITH WHAT WE HAVE EXPERIENCED WITH OUR LOCAL GAS STATION. YEARS AGO YOU PAID ONE PRICE FOR A GALLON OF GAS AND GOT YOUR WINDSHIELD WASHED, OIL AND TIRES CHECKED. TODAY YOU CAN STILL OBTAIN THESE SERVICES FOR \$1.30 A GALLON, OR GO TO THE SELF-SERVICE PUMP, SAVE 30 CENTS, AND PERFORM THESE SERVICES YOURSELF.

THE SAME APPLIES WITH TODAY'S TELEPHONE SERVICE. YOU CAN GO TO THE LOCAL PHONE COMPANY, GET YOUR MONTHLY SERVICE, USE THEIR TELEPHONES, AND EVEN GET A REPAIR PLAN. OR YOU CAN GET JUST THE MONTHLY SERVICE AND BUY YOUR PHONE FROM A LOCAL RETAILER AND HOPE THAT YOU NEVER NEED ANY REPAIRS. BUT WE ALL KNOW THAT SOMETIME OR LATER EVERY DEVICE NEEDS A REPAIR OF SOME TYPE.

WHILE MANY REPAIR SERVICES ARE STILL INCLUDED IN THE MONTHLY SERVICE CHARGE, SOME ARE NOT AND MUST BE BILLED. THESE CHARGES RANGE FROM A LOW OF \$1 TO A HIGH OF \$75 FOR THE REPAIR OF WIRING IN YOUR HOME. OUR EMPLOYEES HAVE BEEN TRAINED ON THESE REPAIR CHARGES, AND THE VARIOUS OPTIONS AVAILABLE TO YOU. WE ENCOURAGE YOU TO DISCUSS THESE CHARGES AND OPTIONS WITH OUR EMPLOYEES.

WE FEEL THAT HAVING CONSUMERS PAY FOR JUST THE SERVICES THEY USE IS THE FAIREST WAY TO DO BUSINESS AND WE THINK YOU'LL AGREE.

## Meat Facts

**The More You Know About Today's  
Leaner Red Meat, The Better You'll Feel.**

Today's fresh beef, pork and lamb are leaner, lower in fat and calories. And they're more delicious than ever.

Fact is, the average cut has 10% less fat than the average 30 years ago. Yet fresh beef, pork and lamb have always been outstanding sources of protein, vitamins and minerals.

Now you can learn all the facts about all your favorite cuts of beef, pork and lamb.

Introducing NUTRI CARE™ Meat Facts.

Our Meat Department can now do more than offer you the choicest cuts of all your favorite fresh meats. We can provide complete nutrition facts and cooking recommendations on many cuts of fresh beef, pork and lamb.

What's more, you'll also take home free recipe cards and buying tips for any of 35 different fresh cuts.

Health conscious communication. That's the whole idea behind our NUTRI CARE™ Meat Facts program!!

## Governor answers request for funds

Coffee County Probate Judge Marion Brunson reported this week that he had received a letter from State Highway Director Royce King concerning a request for funding to pave the Sconiersville Road, and while the response wasn't accompanied by a check for the paving, the letter did suggest funding might be available in the next fiscal year.

"I was glad to get a response," stated Judge Brunson, who also serves as chairman of the Coffee County Commission, "and I am very optimistic we'll receive the money to pave the road." In the letter the highway director didn't say the state would help, but it also didn't say it wouldn't help, and because of that I am optimistic help will be on the way in the future.

"The county commission has done all it can do in the matter," stated Brunson, "and I hope every one realizes that the commission just doesn't have the funds needed to pave the road. Some may be disappointed that the funds didn't come at this time, but as I see it the state knows about our problem and has promised to look at it and see what funds can be sent to help solve the problem."

In the letter received last week, State Highway Director Royce King wrote, "Gov. Hunt has requested that I make a check for available funds that might be used on this road

and advise you of same. At this time all Federal Aid Secondary Funds made available to the state have been exhausted until the next fiscal year's allocation is made. Even then the state's share will be diminished due to the 'carryover' of Federal Aid Secondary Funds for the various counties."

"Due to the above I am not able at this time to make any commitment as to funds for improving this road but will make a review later after the new fiscal year funds have been allocated and our road program has been solidified."

The Sconiersville Road is a short 2½-mile road near the Coffee-Geneva County line and while approximately one mile of the road was paved as part of a Soil Conservation Service project, the remainder of the road remains dirt and the residents of the road have repeatedly asked the commission to pave the road.

The commission has instructed the county engineer to make the road an "all-weather road" for the winter and promised residents to exhaust all efforts to find funds needed to pave the road.

While the letter received last week failed to promise future funding, Probate Judge Brunson expressed optimism and was relieved that his letter requesting aid was read and given to the proper agency.

## Former Elba postal employee found not guilty

A former Elba postal worker charged with misappropriation of over \$1,000 in United States Post Office funds was found not guilty last week by a federal jury in Dothan.

Charles Wayne Harrison, a postal employee for 22 years, was found not guilty by a jury of five women and seven men after only two hours of deliberation in the federal trial.

Asst. United States Attorney Charpyse Alexander told the jury in her opening statement that Harrison had failed to report the sale of stamps, money orders and various other monetary services conducted at the Elba Post Office in the amount of \$1,671.99 and reported the shortage was discovered on March 20, 1987, during an audit of post office records by Elba Postmaster Bill Bullard.

The audit is conducted every four months and the shortage was confirmed by two postal inspectors who stated on the stand that they examined the audit after Bullard's discovery.

The inspectors stated they discovered that prior to the Elba Post Office's January audit that Harrison had deposited his paycheck into the postal account, which allowed the records and account to balance.

Alexander told the jurors that while Harrison knew of the January audit prior to its actually taking place, the March audit was performed without prior knowledge by Harrison, and the U.S. attorney also stated that upon questioning by the inspectors Harrison confirmed that he had taken the money.

Elba attorney Merrill Shirley, attorney for Harrison, attempted throughout the day-long trial to show that Harrison had taken what Harrison thought to be an overage in the previous audit, an amount Harrison thought was owed to him.

During the cross examination of the inspectors, Shirley attempted to prove that Harrison had signed a statement acknowledging taking the post office funds without having full understanding of actual postal regulations.

Shirley stated that his client signed the statement of admission because Harrison thought it showed a shortage; however, the shortage did not take into consideration the overage which was reported on an earlier audit.

Postal inspector John F. Williams, under cross-examination by Shirley, told the jury that while Harrison might be guilty of a mistake in judgment, he was not guilty of misappropriation of funds, and further stated that errors in records did not create the shortage in his client's accountability status.

While taking the stand in his own defense, Harrison testified that he thought the postal department was holding money in a trust which had appeared as an overage from his postal window for which he was responsible.

Shirley told the jury that while Harrison might be guilty of a mistake in judgment, he was not guilty of misappropriation of funds, and further stated that errors in records did not create the shortage in his client's accountability status.

Shirley told the jury that while Harrison might be guilty of a mistake in judgment, he was not guilty of misappropriation of funds, and further stated that errors in records did not create the shortage in his client's accountability status.

Shirley told the jury that while Harrison might be guilty of a mistake in judgment, he was not guilty of misappropriation of funds, and further stated that errors in records did not create the shortage in his client's accountability status.

Shirley told the jury that while Harrison might be guilty of a mistake in judgment, he was not guilty of misappropriation of funds, and further stated that errors in records did not create the shortage in his client's accountability status.

## County Farm-City Week committee begins planning for celebration

The initial meeting of the Coffee County Farm-City Week observance was held Friday morning, Oct. 2.

Former county agent Tom Casaday will serve as the overall chairman of this year's activities which will be held Nov. 20-26.

Others attending Friday's meeting included Dan Presley, Sandra Coffey, Steve Musser, Joe Kennedy, Jeanette Moates, Paul Rutkowski, Bill Mout, Bill Faulk, Yancy Parker, Dud English, Wade Hughes and Roy Shoffner.

During the past two years, one particular farm crop has been selected for spotlighting, and this year will be centered on cattle. In prior years emphasis has been on poultry and peanuts.

Other events are to include a tour on the Martin Moates farm, Farm Bureau banquet with 4-H and cattlemen awards; Young Farmers banquet, and other activities.

Purpose of the Farm-City Week

is to bring urban and rural communities together in activities that result in a better understanding of each other, and to aid in this effort, numerous activities are being planned.

Speakers will appear during the week with subjects on farm and associated topics, and among the guests of the event will be farm families. The Distinguished Farm of the Year will also be selected.

Included in events are plans for a tour to the Army Aviation Museum at Ft. Rucker.

Other events are to include a tour on the Martin Moates farm, Farm Bureau banquet with 4-H and cattlemen awards; Young Farmers banquet, and other activities.

Robert died of a blunt force trauma to the back of the neck, according to a state autopsy finding, and witnesses at the scene also reported the victim had been stabbed a number of times.

## Little Miss Elba to compete for Peanut Festival crown

Little Miss Elba Andrea Carnley will join 46 other second-grade beauty queens from around the Wiregrass next week when the 1987 Little Miss Peanut Pageant is held on Thursday night, Oct. 8 (tonight), at 7 o'clock at the Dothan Civic Center.

The annual pageant awards a crown, banner, trophy, \$500 wardrobe, scholarship to Madalyn's Performing Arts Center, \$50 savings bond, radio-cassette player and a camera.

Little Miss Elba Andrea Carnley is the lovely blond-haired, blue-eyed daughter of Mr. and Mrs. Kenneth Carnley and the granddaughter of Mr. and Mrs. David D. Rhodes of Kinston, and Rev. and Mrs. John L. Carnley of Kinston.

Last year's Little Miss Peanut, Aja Wade of Headland, will crown the new Little Miss. This year's pageant will be emceed by Ann Varnum and Chuck Nolan.

## Resource director praises staff

The Coffee County Dept. of Human Resources released its monthly report last week, and in the report County Director Ron Smith praised the work of his staff and called the local workers "the best state workers that can be found!"

Smith stated that the local department was continuing to provide quality and timely services to the people of Coffee County and added that the department was moving forward in all areas of work.

"I can truthfully say that we have some of the best state employees that can be found," stated Smith, "and I am proud of everyone of these employees and I appreciate the dedication they demonstrate in their jobs. Everyone pulls their weight and when someone is out for any reason, others will pitch in and help out. At a time when state employees have not had a raise in pay in three or four years these workers deserve a pat on the back. I am proud to be director of such a dedicated group of state employees!"

Food Stamp Program supervisor Debbie Jones reported that in August the program issued food stamps to a total of 1,146 households, with the total number of members in the family being 2,848. Total amount of stamps issued during the month totaled \$108,144.

It was a busy month as far as issuing stamps went, as 55 new food stamp cases were approved, 25 denied and 93 left pending, while 112 cases were approved for re-certification.

Jones also reported that during the month of August one former client was placed in jail for failure to appear in court on a food stamp fraud hearing. The client later pleaded guilty to all charges and was ordered to pay restitution and placed on supervised probation.

Community Resources and Child Support supervisor Glenda Smith reported she had attended a seminar in Dothan on chemically dependent

adolescents and stated that the seminar took a look at prevention and solutions to the problem of chemical dependence among the youth.

"As I have traveled throughout our school systems and come in contact with the youth in the schools it is obvious that there is a problem," stated Mrs. Smith. "The youth recognize there is a problem, and the majority of them realize the chemical dependence begins very innocently as a way of belonging to peer groups. If we could only work harder toward prevention, we would not be searching so desperately for solutions."

Mrs. Smith added that if all goes as scheduled the Family Life Enrichment Program will receive air time on the Alabama Public Television Network on Nov. 19, at 8:30 p.m. The show will be aired live and will bring publicity to the program.

The county's child support program is continuing to grow, and the majority of them realize the chemical dependence begins very innocently as a way of belonging to peer groups. If we could only work harder toward prevention, we would not be searching so desperately for solutions."

## Elba parade to follow route thru city

The annual Elba High School homecoming parade will be held Friday afternoon, Oct. 9, at 4 p.m., and this year's parade route will be the same as in recent years.

The parade will begin behind Elba High School and go on the connector road past the Elba Middle School and Elba Elementary School, where it will travel south on the Troy Highway past Cook Chevrolet and Hardee's.

It will then turn left on Collier St.

at the corner across from The Peoples Bank and travel one block before turning toward downtown on Court St., which goes past Western Auto and on past Martin's Store.

The parade will then take a left onto Davis St. and go in front of Stokes Hardware, then take another left that will take the parade in front of Wise's Store. It will continue past city hall and dismiss back behind the high school.

It will then turn left on Collier St.

**FIREMEN BATTLE** an apartment fire that struck Beaver Dam Apartments Sunday morning. This was the second fire the department tackled and defeated shortly before 11 a.m. The first was on Airport Road, near the police

jurisdiction, and then some firemen left that blaze and responded to this one. There were no injuries in this fire that reportedly started upstairs in a child's bedroom.
